Pequeños Empresarios-Sierra Vista PRC

THANK YOU TO THE ENTIRE MUSD TEAM, STUDENTS, PARENTS AND COMMUNITY.

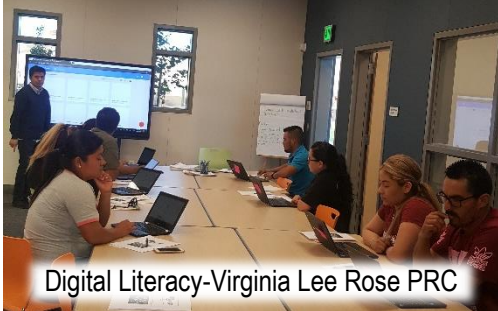

As the school year ends, the Department of Community Service and Parent Resource Centers is proud of the many accomplishments and successes realized during the 2017-2018 school year. To date, our Parent Resource Centers has served over 7,839 parents and provided an impressive menu of educational support and resources. We continued to mobilize our efforts to offer new academic programs that support both parents and students, and build partnerships and alliances with the community. We made an impact through our daily involvement in critical issues such as daily attendance, student retention, graduation rates, customer service, online registration, and other areas that affect student success.

We believe the more informed parents are, the more engaged they will be with their children's education. We look forward to growing our programs as we move into the 2018-2019 school year.

WE BELIEVE

PARENT ENGAGEMENT IS THE KEY TO
STUDENT SUCCESS!

Special thanks to our Board of Trustees, for their commitment to support parent engagement services and resources district-wide.
