iv. RFEPs- 45 students

(Maria asked when it will be sent to all parents of multilingual students. King responded that N.A. will be sent home in Dec.)

c. School Plan for Student Achievement (SPSA) sent home in Dec.

i. Goal 1: Fostering asset-based multilingualism to celebrate and

leverage the diverse linguistic talents of our students and families for

equitable access to language resources and enhanced academic

success. This goal and its subsequent actions are designed to address

the needs of students at-risk of becoming a LongTerm English Learner

(LTEL) and students who have already become an LTEL.

ii. Goal 2: Offer a diverse range of activities that expand students'

interests, access, and talents. By doing so, we aim to create an inclusive

environment where every student feels represented and encouraged to

participate. Madera Unified School District boasts an array of co-curricular opportunities and/or programs encompassing the arts (inclusive of Dance, Media Arts, Music, Theatre, and Visual Art), sports, Science Technology Engineering and Math (STEM), community service and leadership development.

- iii. Goal 3: Create the conditions for an environment of trust and support by **ensuring student growth and preparation for college and careers**. To do so, the culture and climate of schools must be conducive to learning and **promote a sense of connection and belonging**. Through professional learning, collaborative opportunities and incentives, we seek to create school environments where students feel safe and connected.
- iv. Goal 4: Ensuring a seamless and enriching educational journey from preschool to graduation is a commitment rooted in the belief that **every learner deserves access to high-quality education and comprehensive support**. Our approach is centered on fostering an **inclusive and nurturing environment** for all educational partners involved in the educational system.
