2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Principal's Message

Dear Parents and Guardians:

Welcome to the 2021-2022 school year! Our Cougar staff is looking forward to a year of new relationships, new experiences, and new learning. Our team is dedicated to partnering with families to ensure high academic achievement for ALL students. We look forward to partnering with parents as we offer a rigorous academic program, set high expectations of positive behaviors, and support the whole child with lessons in Social and Emotional Learning. Our school motto reminds us all to present with Pride, work to Achieve, be Safe, and Be Wise. Cougars have P.A.W.S! Thank you for sharing your child(ren) with us as we embark on this new adventure together!

Respectfully, Lori King, Principal

Mission Statement

Dixieland provides real experiences that inspire ALL learners to lead through the cultivation of students' talents and passion. - DRAFT

Vision Statement

We,at Dixieland,are inspired to create real world experiences which promote growth for all. - DRAFT

School Profile (School Year 2021-2022)

Dixieland Elementary is one of 28 elementary/middle/comprehensive/ alternative high schools in Madera Unified School District with an enrollment of 306 Tk - 8th grade students. Classes arranged on a traditional calendar.

Dixieland's focus is to address the language needs of ALL students across the disciplines, operate as highly effective collaborative teams in a professional learning community, and improve student achievement and outcomes on local site assessments, district assessments, and state standardized tests. Teachers work collaboratively during their grade level planning time to discuss best practices to support their classroom instruction aligned to State Standards and the Essential Program Components (EPCs). Administration and TSAs provide support during these planning times if requested.

2021-22 School Overview

Data from a variety of tests and informal assessments will be used to drive reflective conversations during grade-level collaboration time, using the cycle of inquiry process. As a staff, we will focus on improving our understanding of and working as a Professional Learning Community. We will establish a Guaranteed and Viable Curriculum, develop instructional plans focused on learning targets, created formative assessments, and examine the results of student assessments to see what our students know, compared with what they need to know, and use that information to determine our next steps and drive our instruction.

For our parents, we will provide opportunities to support their own children. We will continue to send home weekly updates that include examples of what parents can do with their children to stimulate healthy conversation and increase the time they are engaged with their child in productive activities. The goal is to give parents an opportunity to learn skills that can help them support their children's learning at home...in a fun and engaging format for both parent and child. We will continue to solicit parent volunteers to help in their child's classroom in centers, also for them to help with other school activities throughout the year. Parent classes will be offered by PBS for parents to learning parenting skills and how to help their children in school.

Special Education Program: These students are in the general education classroom for the majority of their day. They are provided support from a special education staff member during a portion of their time.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Madera Unified held a public hearing on September 24, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks/instructional materials used in the school the most current available. Textbooks and instructional materials approved for use by the state are reviewed by a selection committee of teachers and administrators and a recommendation is made to the School Board for their approved use at the local level. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

The main building at Dixieland was built in 1949. The cafeteria was built in 1975. The main office portable, the kindergarten portables, and the other eight portables are between four and more than 20 years of age. Refurbishment on the main building was done in 1991. All classrooms are wired for the internet, and wireless connections are available from anywhere on campus. Great pride is taken in keeping the campus and buildings in the best condition possible. In 2007–08 the exterior of the entire campus was painted. In addition, sunscreens were added to all windows in the main building. All classrooms have been modernized with the addition of Promethean Boards (computer-assisted whiteboards) in all classrooms. Each teacher has a laptop computer to assist in their daily lessons, grades, and other information needed to provide quality instruction and data on students.

Cleaning Process

Dixieland employs 2 FTE custodians. The head custodian works from 6 a.m. to 3 p.m. and the late custodian works from 11:30 a.m. to 8 p.m. They are responsible for the daily vacuuming and emptying of trash, of every room, and cleaning of the bathrooms. The teachers have a repair request form that they fill out if something is in need of cleaning or repair. The request is forwarded to our head custodian who makes a decision if he can repair or clean. If he can't, he will put in a work order to have it done. The head custodian and the site administration regularly walk the grounds to look for items in need of repair, cleaning, or replacing.

Maintenance and Repair

On a regular basis, classrooms and facilities are inspected by the custodial staff and administration to identify needed classroom repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. The district's governing board did approve deferred maintenance projects for the school, which included maintenance and operations routine maintenance supplies, pool supplies, building repairs, equipment replacement, land improvements, and building improvements.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Dixieland's parents are able to be involved with the school site in various activities. They have the opportunities to serve on school committees such as ELAC, SSC, and Parent Booster Club. We encourage parents to be involved in their child's education through volunteering in their child's classroom, chaperoning field trips, and attending school activities such as parent conferences, MULES, and student performances. The Dixieland Parent Booster Club provides scholarships to former Dixieland students gratuating from high school and heading off to higher education. They also help with fundraisers each year to support classroom activities. Our PBC sponsors events and is always looking for new ideas and new parents to become involved. Through participation in committees such as SSC and ELAC, parents have an opportunity provide input that will guide the development of the school plan and budget spending. These committee meetings also offer additional opportunities for school staff and parents to engage and collaborate around topics such as attendance, grade level standards, and Social and Emotional Learning. These committees support the parent-school partnership for the benefit of all students.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Safety of students and staff is a primary concern of Dixieland Elementary. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was last reviewed, updated, and approved, at the October 27, 2021 meeting, by the School Site Council. All revisions were communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held once a semester. Earthquake drills once every semester. Students are supervised before and after school by certificated staff/classified staff/principal, and classified staff and the principal supervise students during lunch. There is a designated area for student drop off and pick up. Visitors are to report to the front office.

School policy requires adults and children to sign in or out in the front office and sign in or out when students are tardy, leaving school early, or when adults are coming to volunteer or visit. If visiting on campus or in a classroom, adults are provided with a visitor's pass. Teachers and students are well aware of this policy and are intermittently reminded during various communications.

The school policy for dealing with vandalism includes procedures for painting over graffiti before students arrive on campus and replacing broken windows immediately. The school has appropriate protections against slipping in hallways and against falls from recreation equipment and landscape designs that prevent students from climbing to dangerous heights.

Dixieland staff members are encouraged to communicate their concerns regarding the safety and welfare of all children. We have school rules in place, which support consistent and fair consequences. All parents, staff members, and third through eighth-grade students are given an opportunity to express their feelings and opinions in regards to school safety, the educational program, and the environment. This is done through the administration of an adult and student safety questionnaire that is completed every year. The adult safety questionnaire is online, and parents are asked to fill it out at home or on a Chromebook located in the office. Third through eighth-grade teachers administer the safety questionnaire in their classrooms. The staff questionnaire is administered online at a regular staff meeting.

Dixieland School has established and regularly reinforces a crisis procedure plan, which will take prudent precautions in the event of a crisis situation on campus. This plan will be reviewed and updated each year. The District is assisting and guiding the implementation of the Crisis Intervention plan through ongoing staff development on emergency response procedures. In addition, Dixieland performs practice drills each month in regard to safety. A fire drill is performed on a monthly basis. An earthquake is performed at least once a year. There are three lockdown drills a year.

2020-21 Types of Services Funded

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2020-21 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

The California Department of Education issued guidance to the district in August 2019 regarding how to calculate school-level per-pupil expenditures that will be reported in the 2020-2021 fiscal year.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Perpupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.

Professional Development

Dixieland has dedicated many days to staff development annually for the past three years with the goal of developing the foundations of a Professional Learning Community as our system for collaboration and professional learning continue to evolve. During the 2019-2020 school year, professional development topics included balanced literacy, Thinking Maps, English Learner Program Principles, Assessment program componenets, and Trauma Informed. These trainings were delivered during "early release" Tuesdays and Thursdays. As our 2021-2021 school year was spent in Distance Learning, staff participated in online training for Distance Learning in the winter of 2021. The school year concluded with seven teachers and one administrator attending Solution Tree's Professional Learning Community three day conference. To further develop our staff's journey to becoming a Professional Learning Community, our staff has continued towards becoming highly effective with professional learning topics focused on "High Impact Strategies" and student engagement. Teacher teams collaborate for 100 minutes weekly with professional learning opportunities occuring one afternoon per month.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
