2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Principal's Message:

Eastin-Arcola has started their ninth year of reopening as a K-8 school. We are one of four country school sites, K-8. We have a wonderful group of teachers and support staff to guide and nurture our students through academics, athletics, activities, and character education. As a staff, we have the highest confidence in our ability and desire to make Eastin-Arcola a model school in Madera Unified. We are truly embracing the opportunity to not only teach our students the curriculum that is appropriate at each grade level, but to expand their learning and enrich their understanding of how it pertains to every aspect of our students' lives. We will seek every opportunity for growth in areas of professional development and training for our staff, to ensure the highest quality education for our students. We don't just want our students to learn, we want them to THRIVE academically, athletically, and socially. We value the participation of all our stakeholders in building the culture at Eastin-Arcola. We encourage parent involvement in their child(ren)'s education, both at school and at home. We welcome their involvement on campus and especially with our various committees and our parent organization. We know the more connected our families are with our school, the more complete our school community will become. Eastin-Arcola is not only a place for children to go to school, but it's their extended family and home as well. We value this opportunity to make a real difference in their lives and their futures. GO WILDCATS!

Mission Statement:

At Eastin-Arcola Elementary School, we shape students of character to become self-motivated, lifelong learners who are the best they can be in MIND, BODY, and SPIRIT.

Vision Statement:

Our community at Eastin-Arcola will provide a secure, positive, and challenging environment for our students to thrive.

School Profile (School Year 2022-23):

Eastin-Arcola School is one of 28 elementary/middle/comprehensive and alternative high schools in Madera Unified School District. The 2014-15 school year was the first after reopening as a K-8 elementary school. We are one of four K-8 country schools, offering students and families a smaller school environment, encompassing many more years of continuity and growth. Our average enrollment is about 200, with students in TK - 8th grade. We start the year with an enrollment near 230, and then decrease when a large migrant population migrates south in October/November. Our classes are arranged on a

2022-23 School Overview

traditional calendar.

Special Education Program:

These students are in the general education classroom for the majority of their day. They are provided push-in and pull-out support from a special education staff member based on the needs determined in each special education student's Individualized Education Plan (IEP). Eastin-Arcola has one full-time special education teacher and one part-time special education aide to support our students.

English Learner Program:

All of Eastin-Arcola's teachers are trained to teach culturally diverse populations. ELD (English Language Development) is taught to our English learners for 45 minutes a day. Students are grouped by their language levels so that instruction can be targeted towards their specific areas of need. The emphasis is on oral language, listening, reading, and writing. Teachers evaluate students three to four times a year and monitor their progress. The results of these tests help teachers determine what skills need to be taught or reviewed.

Advanced Learners in Math:

As students reach 7th and 8th grade, they are given the opportunity to take Advanced Math. Students take a math placement test at the end of their 6th grade year to determine placement in the Advanced Math program. Eastin-Arcola shares Itinerant Math teachers with one other K-8 school.

Spanish Elective:

Our 7th and 8th grade students also have the opportunity to receive high school credit for their Spanish elective if taken at Eastin-Arcola their 8th grade year. This allows them the opportunity to enroll in Spanish 1B their freshman year. We also offer a Spanish class for our Native Speaking Spanish students.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Madera Unified held a public hearing on September 27, 2022, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks/instructional materials used in the school the most current available. Textbooks and instructional materials approved for use by the state are reviewed by a selection committee of teachers and administrators and a recommendation is made to the School Board for their approved use at the local level. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

Eastin-Arcola School was originally constructed in 1948, and the cafeteria/multi-purpose room was built in 1978. and is comprised of 19 classrooms, one multi-purpose room/cafeteria, one library, a music room, a staff lounge, and two playgrounds. Remodeling was completed when the school was reopened in 2014-15 included new blacktop and game lines on both playgrounds; three new tetherball poles; additions to the primary playground play structure; newly painted cafeteria interior; and updated wireless/network wiring. Our front office was repainted during the summer of 2015. Two computer labs were created in our first year of reopening, allowing our classes access throughout the day. They also allow ample time and space for our class schedules during state testing. This school year we have completed our STEM and Art labs in two of our unused classrooms. These rooms provide wonderful opportunities for our students in the areas of STEM/STEAM and Art. The following chart displays the results of the most recent school facilities inspection information. The chart displays data collected in August 2022. Cleaning Process: Eastin-Arcola has two full-time custodians to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The head custodian works from 6:00 a.m. - 3:00 p.m., and the night custodian from 2:00 p.m. - 11:00 p.m. Great pride is taken in keeping the campus and buildings in the best condition possible. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

District maintenance staff ensures that the repairs necessary to keep the school in good repair are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Eastin-Arcola believes parents play a very important role in the academic success of their children. Parents/families have the opportunity to be involved in the following organizations at Eastin-Arcola: Wildcat Parent Club (WPC), School Site Council (SSC), and the English Language Advisory Committee (ELAC). Their involvement in SSC and ELAC gives them a voice to approve our school plan, safety plan, and budget spending. Parents are also encouraged to participate/attend Back-to-School Night/Open House, academic award assemblies; athletic events; student performances; fundraising activities; teacher/parent conferences; as well as volunteer in the classroom or at various school events. Monthly informational notices are also sent home to our parents to encourage them to support our monthly character traits and the areas we're focusing on that month. A monthly newsletter is sent home to families each month as well, giving updated information about the goings on at the school as an additional informational resource. A parent resource area is also available at Eastin, including four computers to allow them to access any parent resources online, their child(ren)'s grades, etc. Staff is available to assist them with any of their needs. Our parents at Eastin-Arcola also have the ability to access the Parent Resource Center at one of our nearby elementary schools.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20
Suspensions	2.41	4.05	2.45
Expulsions	0.00	0.18	0.05

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

Safety of students and staff is a primary concern of Eastin-Arcola School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. All revisions were communicated to both the classified and certificated staff. The plan was presented to our School Site Council in the Spring of 2022, and finalized during our first School Site Council meeting on September 27, 2022. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held three times a year. An earthquake drill is done yearly in October. Students are supervised before and after school by certificated staff and administration, and classified staff and administration supervise students during lunch. Certificated and classified staff, as well as administration help with supervision during lunch and break periods. All staff members wear safety vests during supervision for increased visibility. School policy requires adults and children to sign in or out in the front office using our new Raptor identification system, and sign in and out when students are tardy, leaving school early, or when adults are coming to volunteer/visit. If visiting on campus or in a classroom, adults are provided with a visitor's pass (suspended this year, unless visitors specifically needed on campus). Teachers and students are well-aware of this policy, and our intermittently reminded during various communications. Eastin-Arcola staff members are encouraged to communicate their concerns regarding the safety and welfare for all children. We have school rules in place, which support consistent and fair consequences. All stakeholders are given an opportunity to express their opinion/ideas in regard to school safety, the educational program, and the environment. Eastin-Arcola School follows the Crisis Management Plan that outlines key elements of our Safety Plan. Included in the plan are mandated procedures and detailed emergency plans.

2021-22 Types of Services Funded

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2021-22 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

The California Department of Education issued guidance to the district in August 2020 regarding how to calculate school-level per-pupil expenditures that will be reported in the 2021-2022 fiscal year.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

District Revenue Sources (Fiscal Year 2021-22)

In addition to general state funding, Madera Unified School District received state and federal funding for the following categorical funds and other support programs:

- Title I, II, III, and IV

Professional Development

At Eastin-Arcola, our staff is dedicated to the academic success of our students and we emphasize the importance of professional development to continually refine our quality of education. Our teachers attend both onsite and district trainings to increase their knowledge and build their capacities. They have attended training regarding Professional Learning Communities, PBIS, Science of Reading, Math curriculum trainings, Twig Science, Kagan, data analysis, trauma-informed care, and others.

Teachers attend weekly PLC meetings to work collaboratively with their colleagues by analyzing student data, and identifying effective research-based instructional strategies to meet their needs, as well as learning loss. Teachers set goals for student learning and plan for instruction. During planning, teachers break down grade-level standards and identify prerequisite skills and areas of intervention or acceleration. Students receive 45 minutes of daily intervention depending on the identified ELA or math needs, as determined by using their NWEA assessment data or SBAC and ELPAC scores.

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year. They are then provided opportunities to share their experiences and knowledge with district colleagues. Teachers are also given opportunities to observe each other, to share skill sets that help enhance their teaching methods.

Per our Strategic Academic Plan (SAP) our focus this year is on growth in math achievement, using specific data as reviewed during our PLC time. In addition, we are continuing to focus on a balanced literacy program by focusing on individual instruction during guided reading groups, close reading strategies and an increased use of thinking maps. An intentional ELD and intervention time for our grade levels remains a focus. Our district academic coaches also come out to train our teachers, in whole group or individual sessions during their planning time, based on need.
