School Accountability Report Card Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

Principal's Message

It is the mission of Howard School that we will be a community of lifelong learners who will: Be prepared, Act responsibly, and show Respect and Kindness. Howard Bulldogs are committed to learn and grow through B.A.R.K. expectations each day.

It is our vision that through teamwork, the Howard School community will create a safe, positive, student centered environment where all students will be given an opportunity to build talent, skill, academic proficiency, and character through our B.A.R.K., empowering students to be productive global citizens.

Through our daily B.A.R.K. we emphasize and practice these behaviors daily to increase a positive climate on our campus. A positive climate where students are "caught being good" with "pawsitive praise" will instill a desire to come to school and participate to their fullest potential. Howard school is in their third year of PBIS (Positive Behavior Intervention Supports) a research-based framework to design a school behavior and academic structure to ensure safety and success for all and has been recognized as a California State Silver PBIS award level school.

Howard School is a K-8th grade traditional school belonging to the Madera Unified School District. Howard has twice been a California Distinguished School, and once a Distinguished Title I Achieving School. Moving forward, Staff and Administration at Howard are excited about continuing the work of high achievement as we continue in the SBAC testing system by using and mastering the new math and ELA curriculum and lessons designed to encourage collaborative thinking. As the instructors we want to analyze our teaching through the achievement of our students. We need to respond appropriately to the data presented and respond, reteach, and accelerate as needed.

Howard is located approximately eight miles northwest of the city of Madera and houses approximately 600 students, including students enrolled in the Madera County Office of Education's Deaf and Hard of Hearing and Emotionally Disturbed programs. Providing a safe, clean, and "Children First" friendly environment is important to the Howard School community of teachers, classroom assistants, custodial staff, administration, and parents. We encourage students to have pride in their school, achieve their learning goals, be driven by their aspirations, and contribute to the community.

The certified staff has a Principal, 20 classroom teachers, two Special Education teacher, one full-time and one part-time Special Education Para Professional Aides, one full time music and a part-time strings Teacher, and one part-time Librarian. As well, Howard School, through Title I funding has hired a full time intervention teacher and has contracted with the Madera Arts Council to provide a part time Visual Art Teacher.

Support services are provided through the District's Central Office. There is a Nurse at school two days a week, a health clerk 3 days a week, a Speech Teacher, a Psychologist two days a week, as well as a Counselor five days per week. The music program at Howard consists of instruction in grades K-8th including general music, recorder, band, strings, and choir instruction.

The classified staff consists of one full-time Special Education aide and one part time, one secretary, three noon aides, and one administrative assistant.

Extra effort is put into helping our English learners with the implementation of the District's English Language Development (ELD) program.

Please come and visit our school. We always welcome parent volunteers to help in the classroom and join our Howard Parent Teacher Club! B.A.R.K. daily. Be Prepared, Act Responsibly, Respect self, others, and things and be Kind as kindness is the key! Go Bulldogs!

Mission Statement

Howard School is a community of lifelong learners who will; Be prepared, Act responsibly, and show Respect and Kindness. Howard Bulldogs are committed to learn and grow through B.A.R.K. each day.

Vision Statement

Through teamwork, the Howard School community will create a safe, positive, student-centered environment where all students will be given an opportunity to build talent, skill, academic proficiency, and character through our B.A.R.K., empowering students to be productive, global citizens.

School Profile (School Year 2019-2020)

Howard School is one of 28 elementary/middle/comprehensive/alternative high schools in Madera Unified School District. During 2019-20, 477 TK-8th grade students were enrolled at the school, with classes following a traditional calendar. Howard School also hosts approximately 40 students enrolled in the Madera County Office of Education's Deaf and Hard of Hearing and Emotional Disturbed Programs.

At Howard School, we strive to offer enrichment opportunities for our advanced students. Currently, we offer courses in Enhanced Math for qualified 7th-grade and 8th-grade students. Students in grades 6th-8th are given the opportunity to learn yearbook and pentathlon skills as well as robotic skills during Jr. High electives. In 2015-2016 Spanish I was added for students to obtain High School credit. Math remediation and acceleration are available electives as well.

Students are also given the opportunity to participate in a Visual Arts based enrichment class where instruction is complemented with weekly support from our trained artists in residence who are affiliated with the Madera Arts Council. Once each week, the artists work with students in grades 1st-6th. In grades K-8 Music instruction is provided through a vertically articulated progression of classroom music, 4th-grade recorder instruction and 4th-8th grade Band, Strings, and Choral instruction.

Howard's special education program is fully vested in the Center-Based Model of educating our special education students. These students are in the general education classroom for the majority of their day. They are provided support from a special education staff member during a portion of their time. They are also pulled out of the general education environment for more intense work as is determined appropriate by the special education teacher and based on the needs determined in each special education student's Individualized Education Plan (IEP). Howard has two full-time special education teachers and one full time and one part-time special education aides to support our students.

English Learner Program: All of Howard's teachers are trained to teach culturally diverse populations. ELD (English Language Development) is taught to our English learners for an average of 45 minutes a day. Students are grouped by their language levels so that instruction can be targeted to their specific areas of need. The emphasis is on oral language, listening, reading, writing, and thinking.

Howard School is a PBIS, Silver Award Level school in our 3rd year of training and implementation under Madera County. Our school-wide expectations are that every student will BARK: Be Prepared, Act Responsibly, Respect self, others and things and Kindness is the key. We teach and reteach these expectations daily. We believe that practice makes permanent and it is these character traits our students will leave Howard knowing and understanding and carrying with them out into the community of Madera and beyond.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Other Instructional Materials (School Year 2020-2021)

Year and month in which data were collected: July 2020

Madera Unified held a public hearing on September 24, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks/instructional materials used in the school the most current available. Textbooks and instructional materials approved for use by the state are reviewed by a selection committee of teachers and administrators and a recommendation is made to the School Board for their approved use at the local level. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

Howard School was originally constructed in 1953 and is comprised of 25 classrooms, one multipurpose room/cafeteria, one library, one staff lounge, one computer lab, and one playground.

During the summer of 2017, Howard received a facelift including, a carpet in all the classrooms, office, and staff room. The original bathrooms were fully remodeled with new appliances, tile, and paint. There was a new paint job on the exterior of the school and a new marquee was installed as well.

During 2018 the multi-purpose cafeteria/auditorium received a brand new paint job, projector, screen, and speakers. The library also received a paint job, all new furniture as well as approximately \$30,000 worth of new books.

Playground space is adequate for the number of students we have, providing them with ample opportunity to be active during their recess times. There is adequate space for staff to work.

Cleaning Process

The principal works daily with the custodial staff of 2 full-time employees to ensure that the school is maintained to provide for a clean and safe school. They work a staggered shift schedule with one of them available on campus from 6:30 a.m. to 2:30 p.m. A three-person team from the district maintenance department services the larger maintenance needs about every six weeks. The district makes a great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of School Construction. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

The school grounds are clean and safe thanks to the efforts of many people. Howard has its own custodial staff that takes care of daily cleaning and maintenance. Classrooms are cleaned daily.

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

The following chart displays the results of the most recent school facilities inspection information. The chart displays data collected in August 2020.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Howard School offers many ways for parents to be involved with the school and help students achieve. Parents are welcome to join the School Site Council (SSC), which works with the Principal to make financial and program decisions for special-purpose funds. Parents of English Learners are encouraged to join our English Language Acquisition Committee (ELAC).

Parents organize volunteers through the Howard Parent Teacher Club (PTC) to help with special fund raising to support projects in the classroom, and field trip expenses. The Howard PTC purchases instructional materials, provides scholarships, and organizes special assemblies and carnivals. The group pays for educational field trips, and outdoor education (camp) with fundraisers they organize and manage.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school office at (559) 674-8568.

To inquire about how to volunteer and get involved at Howard School, please contact Jeff Dailey, Howard School Principal, at (559) 674-8568.

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Safety of students and staff is a primary concern at Howard School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards.

The School Site Safety plan was last reviewed and updated in March 2020 by the School Safety Committee. All revisions were communicated to both the classified and certificated staff.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held twice a year and as needed. Students are supervised before and after school by certificated staff, classified staff, and site administration.

Certificated staff, classified staff, and site administration supervise students during lunch and break periods. Parent volunteers sometimes help with supervision.

There is a designated area for student drop off and pick up. Visitors enter and exit the school through one gate and they are required to sign in and out when they visit.

Types of Services Funded (Fiscal Year 2019-2020)

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2018-19 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

The California Department of Education issued guidance to the district in August 2019 regarding how to calculate school-level per-pupil expenditures that will be reported in the 2019-20 fiscal year.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.

District Revenue Sources (Fiscal Year 2018-19)

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement	3	3	11

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year. They are then provided opportunities to share their experiences and knowledge with district colleagues.

Per our strategic action plan, our focus this year is to grow in our math achievement using data as collected from our 15 Day Plan and shared out in meaningful PLC time. In addition, we are continuing to focus on a balanced literacy program by focusing on individual instruction during guided reading groups, close reading strategies and an increased use of thinking maps. An intentional ELD and intervention time for each grade level will remain our focus. We have been gathering meaningful data to understand our students and the instructional implications. Our district academic coaches have come out to train us in standard's progression and 15-day cycles. In addition, we have had training dealing with Trauma Informed Care, Write from the Beginning, Pathways to Proficiency, Guided Reading, and Close Reading Strategies.

The district has provided training for our 7th and 8th grade teachers to collaborate with the Junior HIgh teachers from other schools in the district.

Finally, grades 2-8 are focusing on using the NWEA tool to monitor our growth in Math and ELA and again, determine the instructional implications to make adjustments and fill learning gaps as seen in the data. Grades K-2 are using data to target instruction and make adjustments to get progress percentages to 80% or higher.
