2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at $\underline{www.cde.ca.gov/fg/aa/lc/}$

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Principal's Message

Welcome to the 2020-21 school year. I would like to take this opportunity to introduce myself. My name is Ms. Erin Falke, and I am very proud to be returning as the principal of Nishimoto Elementary School. I have been with Madera Unified for over 17 years. Mrs. Priester is vice-principal of Nishimoto Elementary. She brings many years of teaching, coaching, and administrative experience in Madera Unified. Our goal is to provide a quality educational program that will ensure high levels of learning for all students. The staff has spent time researching and developing a curriculum that will prepare your children to become life long learners. Changes in curriculum, instruction, assessment, decision making, and the use of technology will be implemented in phases. Our emphasis has been on building a culture that strives to nurture a community of thinkers, learners, and creators. The staff is prepared to ensure learners are ready to actively participate in a rapidly changing, high technology, and information-rich world.

Our school motto, "Dedicated to Excellence," will be our greatest focus with students, parents, and community members as we continue to create a positive and meaningful educational experience for all of our learners. Nishimoto's team of students, staff, families, and community value and promote a safe, positive learning environment where the highest of expectations lead to lifelong success. We encourage our students to come to school each day with the expectation that Hawks don't fly, they S.O.A.R. - Show respect, Offer kindness, Act responsibly, and be Ready to learn.

Mission Statement

As a Nishimoto community, we will do whatever it takes to ensure success and high levels of learning for all students.

School Profile (School Year 2019-20)

Nishimoto Elementary is one of 28 elementary/middle/comprehensive/alternative high schools in Madera Unified School District. During 2019-20, 727 TK-6th grade students were enrolled at the school, with classes arranged on a traditional calendar.

Advanced Learners: Although we no longer have the GATE program (Gifted and Talented Education) that had been in the schools for years, we still work hard to provide opportunities for our advanced students.

Special Education Program: Nishimoto is fully vested in the Center-Based Model of educating our special education students.

2021-22 School Overview

Our Special Education students are in the general education classroom for the majority of their day. They are provided support from a special education staff member during a portion of their day. Students are also pulled out of the general education environment for more intense work as is determined appropriate by the special education teacher and based on the needs determined in each special education student's Individualized Education Plan (IEP). Nishimoto has one and a half full-time special education teachers and one full time and one part time special education paraprofessionals to support our students. Additionally, Nishimoto has a Special Day Class (SDC) for grades 4th-6th on site. There is a special education classroom teacher and 2 full-time special education paraprofessionals.

English Learner Program: All of Nishimoto's teachers are trained to teach culturally diverse populations. ELD (English Language Development) is taught to our English learners for an average of 45 minutes a day. Students are grouped by their language levels so that instruction can be targeted towards their specific areas of need. The emphasis is on oral language, listening, reading, and writing. Teachers evaluate students three to four times a year and monitor their progress. The results of these tests help teachers determine what skills need to be taught or reviewed.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Madera Unified held a public hearing on September 24, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks/instructional materials used in the school the most current available. Textbooks and instructional materials approved for use by the state are reviewed by a selection committee of teachers and administrators and a recommendation is made to the School Board for their approved use at the local level. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

Nishimoto Elementary was originally constructed in 2005 and is comprised of 30 classrooms, 2 special education classrooms, 1 reading/intervention lab, 1 multipurpose room/ cafeteria, 1 library, 1staff lounge, 2 computer labs, 3 playgrounds, 1 county building, and 1 pre-school classroom.

All of the classrooms are in good repair, as is evidenced by the positive Williams report that Nishimoto receives yearly. The following chart displays the results of the most recent school facilities inspection information. The chart displays data collected in August 2021.

Playground space is adequate for the number of students we have, providing them with ample opportunity to be active during their recess times. There is adequate space for staff to work. Nishimoto has an excellent school library.

Cleaning Process

The principal works daily with the custodial staff of Nishimoto (three full-time) to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards are available at the district office for review.

Maintenance and Repair

On a regular basis, classrooms and facilities are inspected by the custodial staff and administration to identify needed classroom repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

We have many opportunities for parents to participate in school, and we depend on parents to keep our programs running smoothly. Parents can join our Parent Teacher Organization (PTO), English Language Advisory Committee (ELAC), and School Site Council (SSC). All groups work closely with administration. The SSC specifically helps to oversee the financial decision making of the school. Parents of English learners are vital to our English Language Advisory Committee (ELAC) and to our outreach efforts on behalf of new families. Room parents organize parent volunteers to help with special projects in the classroom and chaperone field trips. We ask all parents to attend Back-to-School Night in the fall, Open House in the spring, and parent teacher conferences in October, January, and March. We always need new volunteers! To find out how you can volunteer at our school, please call Erin Falke, Principal, at 559-664-8110.

- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Nishimoto Elementary students are well supervised. The Nishimoto daily schedule has been developed in such a manner that it greatly enhances student supervision and safety. The Nishimoto Leadership Team has developed a supervision schedule that covers all student access areas before, during, and after school. Multiple teachers are assigned to each playground supervision zone before school, during morning recess, and during student dismissal. Site administrators supervise student drop-off and pick-up areas daily, lunch time in the cafeteria, and the playground. Moreover, seven noon-time Supervision Aides have been formally trained in MUSD noon supervision procedures and provide effective cafeteria and lunch recess playground supervision. The Nishimoto teachers regularly review the rules for safe, responsible behavior in school and on the playground. Visitors must enter the school through the main door and sign in at the office, where they receive a visitor's badge to wear throughout their stay.

The goal of our Safe School Plan is to provide all students with educational and personal opportunities in a positive and nurturing environment, which enables them to achieve current and future goals. The School Safety Plan was reviewed, updated, and discussed with school faculty in February 2020. The School Safety Plan was approved by School Site Council in February 2020. Safety of students and staff is a primary concern of Nishimoto Elementary. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. All revisions were communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown drills are held three times a school year.

2020-21 Types of Services Funded

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2020-21 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

The California Department of Education issued guidance to the district in August 2019 regarding how to calculate school-level per-pupil expenditures that will be reported in the 2020-2021 fiscal year.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Perpupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.

Professional Development

We dismiss students at 1:30 p.m. every Tuesday and Thursday to allow time for teachers to collaborate, both within and across grade levels. Nishimoto teachers have a significant role in school decision-making. This is fostered by the Professional Learning Community model, which has a strong staff training component based on school goals. Grade-level teams meet periodically with teachers from the grade level above and below for vertical articulation. At the bi-weekly meetings, we discuss student work samples and make adjustments to instruction as needed. Illuminate is data management software that collects and analyzes data to help us assess student progress. We train all teachers on the Illuminate system so that we can make effective use of its capabilities. Grade-level team leaders meet monthly. They communicate the business of these meetings to their team members. In addition, they act as mentors for the new teachers on their teams. The new teachers have been assigned on site mentors. The District provides mentors or coaches for new teachers. We plan to institute a powerful system of professional development with follow-up that will significantly impact the effectiveness of new instructional strategies. Nishimoto's teachers have had training in The Common Core State Standards, Thinking Maps, AERIES grading system, and Response to Intervention (RTI) model, Write from the Beginning, NGSS Science, Illuminate, Standards Deconstruction and Planning, Second Step Behavior, PBIS, integrated and designated ELD, individualized instruction, and direct instruction.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
