2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2022-23 School Overview

Principal's Message

On behalf of the staff at Parkwood Elementary School, I am delighted to welcome you to the new school year! We are looking forward to a productive partnership with you to ensure our children can achieve their highest potential.

Our goal is to ensure that all students become critical thinkers, active problem-solvers, inquisitive readers, diligent researchers, and prolific writers. Teachers diligently work to refine their instructional strategies and identify best practices within Professional Learning Communities. Grade levels meet regularly to analyze student progress and identify areas of focus. We do this to prepare students for the demands of the real world so our students may become productive citizens, become our future leaders, and contribute and give back positively to the community.

Education is a joint venture between school and home. As we work with our students to help them learn about the world around them through the prescribed curriculum, we very much appreciate the support that parents give their children at home as they strive to reach their learning goals. The foundation of a successful school is the cooperation between the students, staff, parents, and community.

I look forward to a great year! On behalf of the staff of Parkwood Elementary School, I want to thank you for being a part of our school community!

Sincerely,

Denise Muñoz

Principal, Parkwood Elementary School

Mission:

Parkwood Elementary School will be exemplified for having a positive culture. Students, staff, and the community will work together to achieve high performance in assessment, attendance, and discipline. As a result, students will be rounded and

2022-23 School Overview

prepared to succeed in a global society.

Vision:

Parkwood Elementary will be distinguished for high levels of achievement by all. Staff, families, and students will work together in a safe and engaging environment.

School Profile (School Year 2022-23)

Parkwood Elementary is one of 28 elementary/middle/comprehensive/ alternative high schools in Madera Unified School District. During the 2022-23 fiscal year approximately 650 students enrolled in TK-6th grades.

Advanced Learners: Although we no longer have the GATE program (Gifted and Talented Education) that had been in the schools for years, we still work hard to provide opportunities for our advanced students.

Special Education Program: Parkwood is fully vested in the Center-Based Model of educating our special education students. These students are in the general education classroom for the majority of their day. They are provided support from a special education staff member during a portion of their time. They are also pulled out of the general education environment for more intense work as is determined appropriate by the special education teacher and based on the needs determined in each special education student's Individualized Education Plan (IEP). Parkwood has one full-time special education teacher (Resource Specialist) and one full-time special education aide to support our students.

English Learner Program: Teachers are trained to teach culturally diverse populations. English Language Development (ELD) is taught to our English learners for a minimum of 45 minutes a day. Students are grouped by their language levels so that instruction can be targeted towards their specific areas of need. The emphasis is on oral language, listening, reading, writing, and thinking.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Madera Unified held a public hearing on September 24, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks/instructional materials used in the school the most current available. Textbooks and instructional materials approved for use by the state are reviewed by a selection committee of teachers and administrators and a recommendation is made to the School Board for their approved use at the local level. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

Parkwood Elementary opened in August 2008 as Madera Unified School District's thirteenth K-6 elementary school. The site encompasses 15 acres and houses approximately 650 students. Parkwood is located about one mile east of Madera South High and one mile west of Chavez Elementary. Parkwood is the sixth MUSD school built since 2005 and the first to be funded by Measure U- a school bond passed in November 2006.

The LEA takes great efforts to ensure that all schools are clean, safe, and functional. The LEA works with 3 full-time custodians to ensure that the cleaning of the school is maintained to provide for a clean and safe school. The district governing board has adopted cleaning standards for all schools in the district.

Cleaning Process

The LEA governing board has adopted cleaning standards for all schools in the LEA. A summary of these standards are available at the district office for review.

Maintenance and Repair

On a regular basis, classrooms and facilities are inspected by the custodial staff and administration to identify needed classroom repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2022-23 Opportunities for Parental Involvement

Parkwood Elementary provides many opportunities for community involvement, most of which are facilitated by the Parkwood Parent Community Club (PPCC). This year, Parent Club will sponsor such events as fundraisers, Jog-a-Thon, as well as quarterly Parent Club meetings.

Parkwood Elementary facilitates Parent Informational Meetings to inform parents of upcoming events, curriculum, and testing. Other involvement opportunities for parents are our School Site Council (SSC), and the English Language Advisory Committee (ELAC). These groups assist by providing input on budgetary and programmatic matters. Parental communication is provided via Parent Square, Parkwood website, the marquee, monthly bulletins, and parent monthly newsletters. Parkwood offers the following activities: Back-to-School Night, Open House, Winter Concerts, parent-teacher conferences, student recognition assemblies and various other school-wide events. Parents are provided passwords to our grading system to monitor their child's progress and assignment completion. Our teachers are in frequent contact with their students' parents and strive to be accessible during non-instructional hours. For more information on how to become involved at the school, please contact Denise Munoz, Principal, at (559) 673-2500.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

Subject	School 2019-20	District 2019-20	State 2019-20	
Suspensions	2.19	4.05	2.45	
Expulsions	0.00	0.18	0.05	

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

2022-23 School Safety Plan

The safety of students and staff is a primary concern of Parkwood Elementary. Parkwood has adopted Positive Behavioral Intervention and Supports (PBIS) as the foundation for enhancing the positive atmosphere of our school. PBIS is a proactive, team-based framework for creating and sustaining safe and effective schools. Emphasis is placed on the prevention of problem behavior, the development of pro-social skills, and the use of data-based problem-solving for addressing existing behavior concerns. For the 2022-23 school year, Parkwood staff participated in PBIS. Parents and students were informed of school rules and discipline policies through behavior assemblies, school-wide announcements, and during parent meetings such as ELAC, Parent Club and SSC. These policies are also communicated through parent newsletters and quarterly behavior contracts.

The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. Parkwood underwent a thorough safety evaluation as a result of Madera Unified School District's Crisis School Management Project and Madera County Office of Education's yearly monitoring of Williams Settlement requirements. Our District provided a maintenance team that reviewed safety issues on our campus monthly. The School Site Safety plan was last reviewed and updated on February 2022 by the School Safety Committee and School Site Council. All revisions were communicated to both classified and certificated staff. The school's disaster preparedness plan included steps for ensuring student and staff safety during a disaster. Fire and disaster drills were conducted on a monthly basis throughout the school year. Lockdown drills were held three times a year. Students were supervised before and after school by all staff members on a rotational schedule, and classified staff supervised students during lunch. There is a designated area for student drop off and pick up. Visitors report to the office and screened through Raptor Visitor Management to screen track everyone coming into the school and keep unwanted entrants out. While on school premises, visitors wear badges.

2021-22 Types of Services Funded

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2020-21 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

The California Department of Education issued guidance to the district in August 2019 regarding how to calculate school-level per-pupil expenditures that will be reported in the 2020-2021 fiscal year.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Perpupil Spending Web page at http://www.cde.ca.gov/ds/fd/ec/. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at http://www.cde.ca.gov/ ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: http://www.ed-data.org.

District Revenue Sources (Fiscal Year 2020-21)

In addition to general state funding, Madera Unified School District received state and federal funding for the following categorical funds and other support programs:

• Title I, II, III, and IV

Professional Development

Staff members build teaching skills and concepts by participating in conferences and workshops throughout the year, then sharing their experiences and knowledge with colleagues. The Parkwood Professional Learning Community believes that learning must be guaranteed and viable. In order to assure this, focused targeted instruction and professional development occur at monthly staff meetings and as needed during weekly grade-level PLC meetings. Parkwood facilitates cycles of inquiries where teachers develop formative assessments based on the Common Core State Standards, target instruction through calibrating strategies, provide feedback, and reteach to mastery.

Parkwood has dedicated time for staff development annually. Topics for staff development include: Positive Behavior and Intervention Support, Thinking Maps, Write From the Beginning, Close Reading, Pathways to Proficiency, ELD Instructional Strategies, Kagan Engagement Strategies, Small Group Guided Reading, Daily 5,15 Day Math Plans, Number Talks. Parkwood will continue staff development in Strategic Academic Plan initiatives.

This table displays the number of school days dedicated to staff development and continuous improvement.
