2021-2022 School Accountability Report Card (Published During the 2022-2023 School Year)

# General Information about the School Accountability Report Card (SARC)

# SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### California School Dashboard

### The California School Dashboard (Dashboard)

https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### 2022-23 School Overview

### Principal's Message

Mountain Vista is a continuation high school, providing an alternative to the comprehensive high schools of Madera Unified School District. Students attending MVHS are provided a smaller learning environment where student relationships and connections are emphasized. Our program enables students to accrue credits at a faster rate than traditional high schools while maintaining the same graduation requirements. At Mountain Vista, our staff help students reconnect to the learning process and provide guidance to enable them to get back on track for graduation.

MVHS students are held to high expectations for both academics and character. We use our ROAR motto to guide us to achieve these high expectations.

Mountain Vista High School graduates will be expected to R.O.A.R.:

RESPECT - Respect self, others, property, and environment.

ORGANIZATION - Organize time, obligations, and goal attainment through preparation and planning.

AWARENESS - Aware of how our decisions and actions impact others and influence our ability to meet goals and expectations.

RESPONSIBILITY - Responsibility for all obligations including our obligation to live up to our potential.

### Vision

Mountain Vista High School's vision for each regularly attending student is to show measurable growth toward on-time graduation along with college and career readiness based on classes passed, demonstration of professional behavior, and improvement in both local and state exam scores.

### Mission Statement

Our school works to instill in its students a sense of pride that inspires them to have confidence in their ability to be successful in school and in life. Our school community makes decisions and collectively holds each other accountable. We strive to provide students with the academic and social-emotional skills and tools necessary to achieve all they are capable of in an environment where both staff and students feel safe and supported by the district.

### 2022-23 School Overview

School Profile (School Year 2022-23)

Mountain Vista is a continuation high school that serves the Madera Unified School Districts' 10th-12th grade students. The enrollment capacity of the school is 165.

Mountain Vista is a place for students who are not successful in a traditional high school setting to reconnect to school and focus on recovering credits. The reasons for this lack of success at the comprehensive schools are varied. Some students have engaged in behaviors that negatively impacted their learning and academic progress such as poor attendance. A small percentage of Mountain Vista's student population committed expellable offenses at the comprehensive high school sites and were sent to Mountain Vista on suspended orders. However, the majority of Mountain Vista students are voluntary transfers and have been referred to Mountain Vista because they have failed classes and are behind in graduation credits.

To meet the needs of students behind in credits, Mountain Vista High School runs a variable credit program. Students earn credits every three-week term. At the end of each term, if a student is passing a course with 60% or better they will earn 1 credit in that class. This credit earning system allows students the possibility of earning 6 credits per class per semester. Additionally, 1.5 credits can be earned for completing a grade level standards based performance task in each course taken. This allows students to earn up to 45 credits per semester within a regular day program. Students are also able to recover credits through Edgenuity, which is an online program that offers a variety of courses as well as after school traditional direct instruction courses. These program is run both within the school day and as a part of the school's After School Program.

Teachers use an instructional model and strategies that engage students in the learning process and help students develop conceptual understanding. Mountain Vista also offers several extra-curricular activities and organizations for students such as Student Leadership, Yearbook Club, and a year-long sports program.

Mountain Vista High School completed a full WASC self-study in Spring of 2022. The school was awarded a 6-year accreditation with a 1-day mid cycle review. This means that Mountain Vista's program has been examined and approved by the Western Association of Schools and Colleges. The school will be conducting another full WASC self-study in the Spring of 2028.

Mountain Vista was recognized with a Model Continuation High School award in 2018. The process to earn this award included a written application and a multiple day visit.

# A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

2021-22 data was not included as part of the initial release of data on 1/13/23. The CDE has indicated that the data will be available after the 2/1/23 SARC deadline. The data will be populated when it is published by the CDE.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

# 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Madera Unified held a public hearing on September 25, 2018, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the state are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in October, 2019 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

# **School Facility Conditions and Planned Improvements**

Mountain Vista High School is located at a community park facility owned by the city of Madera. Although the Madera Unified School District does not own the site, it maintains the school which is a group of buildings and portables separated from the park by a fence. In 2009, Madera Unified completed a renovation of the Mountain Vista campus which included renovations to the office, staff room, counseling offices, and existing classrooms. The 2009 renovation also added 6 portable classrooms. New concrete slabs, outdoor seating, and fencing were also a part of the renovation.

To house 170 students the Mountain Vista High School campus has 5 regular classrooms and 6 portables. One classroom has been renovated to include lab safety equipment. There is not currently a library, nor a designated computer lab. Students at Mountain Vista High each have a chromebook assigned to them that they take home and bring to school on a daily basis. All classroom space is used for teaching the courses in the master schedule.

In August of 2015, Madera Unified School District worked out an agreement with the City of Madera to renovate the gym that is adjacent to Mountain Vista with a renewal of the floors and paint of the interior. In the summer of 2016, both the school and the adjacent gym had their exteriors painted. Mountain Vista has use of the gym on an as-needed basis. In addition, Madera Unified School District purchased portable cafeteria-style tables so that students could eat in the gym during the winter months. In the Fall of 2022, the gym floors where renewed once again to provide the safey of students while actively participating in Physical Education.

P.E. classes are held in the community park or in the gym depending on availability.

In the Fall of 2022, a wrought iron fence was installed in the front of the school and back of the school to provide an added safety measure.

The school site is maintained by one custodian who works full-time at Mountain Vista High school.

On a regular basis, classrooms and facilities are inspected by the custodial staff and administration to identify needed classroom repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs.

The district participates in the State School Deferred Maintenance Program, which provides matching funds on a dollar–for–dollar basis, to assist school districts with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, electrical systems, interior or exterior painting, and floor systems. The district's governing board did approve deferred maintenance projects for the school, which included maintenance and operations routine maintenance supplies, pool supplies, building repairs, equipment replacement, land improvements, and building improvements.

# **B. Pupil Outcomes**

# **State Priority: Pupil Achievement**

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### **Statewide Assessments**

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- 4. College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

### **Options**

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22

### 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### 2021-22 Career Technical Education Programs

Mountain Vista High School provides students the opportunity to take Career Technical Education courses in the Public Safety pathway. Currently, Mountain Vista offers Intro to Public Safety, Crime Scene Investigation, and Public Services Academy. Students are encouraged to take advantage of this career pathway. All Career Pathways are affiliated with a Career Technical Student Organization and student participation is a graded component of each career pathway course. All of the classes and pathway sequences can be found on <a href="http://www.maderacte.com/">http://www.maderacte.com/</a>. Here you will also find what specific courses are offered at each high school, where there is Dual Credit opportunities, and which courses receive A-G designation. If a pathway is not offered at a student's home school they are eligible for a Career Academy of Special Interest Transfer to ensure equal access for students based on their interests.

# **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

### **2022-23 Opportunities for Parental Involvement**

Mountain Vista encourages parents and guardians to reconnect to school alongside their students. There are multiple opportunities for adults to do so at Mountain Vista High School including our School Site Council, English Learner Advisory Committee, Back to School Night and parent conferences. Each enables families to become more familiar with the daily operations of the school and more importantly, an opportunity to establish relationships with staff. Both Mountain Vista students and staff members have participated in LCAP meetings as well.

Mountain Vista High School has one part-time Family Liaison. This person plays an integral role in providing communication between the school and parents. Additionally, the Family Liaison also focuses on improving student attendance by helping families connect to community services and other intervention from the school site. The Family Liaison makes families feel welcome and valued as a member of our educational community.

Mountain Vista strives towards meeting the needs of our parents. The school offers sessions where the school's counselor explains credits, graduation requirements, applying for college and financial aide. Parents also have access to student and school information though the Aeries Parent Portal, school website and through Parent Square communications.

Parent conferences are held on regular basis as a part of the school's intervention process. Struggling at-promise students who are identified by teachers, are provided with additional supports and interventions. The Family Liaison helps to coordinate parent conferences and Student Study Teams to meet the needs of our students and parents. For more information on how to become involved please contact our school at 559-675-4580.

# **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### **Suspensions and Expulsions**

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

### 2022-23 School Safety Plan

Safety of students and staff is a primary concern of Mountain Vista High School. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was last reviewed and updated on February of 2022 by the School Safety Committee. All revisions were communicated to the both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a regular basis throughout the school year. Lockdown drills are held three times a year. Students are supervised before and after school by certificated staff, classified staff and administration. Administration, counselors and classified staff supervise students during lunch. There is a designated area for student drop off and pick up. Visitors must check in at our front office before entering our campus.

### 2019-20 Secondary Average Class Size and Class Size Distribution

This table displays the 2019-20 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Subject	Average Class Size	Number of Classes with 1-22 Students	Number of Classes with 23-32 Students	Number of Classes with 33+ Students

### 2021-22 Types of Services Funded

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2020-21 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

The California Department of Education issued guidance to the district in August 2019 regarding how to calculate school-level per-pupil expenditures that will be reported in the 2020-2021 fiscal year.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Perpupil Spending Web page at <a href="http://www.cde.ca.gov/ds/fd/ec/">http://www.cde.ca.gov/ds/fd/ec/</a>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <a href="http://www.cde.ca.gov/">http://www.cde.ca.gov/</a> ds/fd/cs/. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <a href="http://www.ed-data.org">http://www.ed-data.org</a>.

### **Professional Development**

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year, then share their experiences and knowledge with district and site colleagues. The emphasis for the past several years has been on the transition to the Common Core Standards and providing all students access to a Guaranteed Viable Curriculum (GVC). Teachers have held planning days to develop common units of study/lessons and assessments. They have attended virtual training both within and outside of Madera Unified School District. In addition to the emphasis on a GVC and common planning, Mountain Vista teachers have also been trained in strategies to differentiate instruction for our school's English Learner population. Professional learning opportunities have also focused on instructional strategies for raising student engagement and fostering a positive school culture. Our math, social science and science teachers have also been part of the district level rigorous curriculum design teams for those subject areas.

Staff training completed in the 2022-2023 school year included an emphasis on literacy, using technology to help students learn, engagement strategies, positive behavior supports, and strategies for students that are at risk for dropping out of school.

This table displays the number of school days dedicated to staff development and continuous improvement.
