October 2020

Student Expectations & Attendance

Every day, including Wednesdays, students are required to LOG IN to their Chromebooks and make sure they understand their assignments and know who and when to ask for help if they need it.

Students are to continue or start learning activities assigned by teachers and/or provided through online resources.

Students are to treat Wednesdays as another school day. Wednesday is NOT a day off of school. Wednesdays ARE a day to complete independent work assigned by the teacher. Need help? Contact your child's teacher.

Students are to complete and submit all assignments by due dates established by the teacher(s).

IMPORTANT: Teachers take attendance every day, including Wednesdays; they check if students are logging in and the assignments they work on in order to count that for attendance. All assignments, including Wednesday assignments, count towards grades!

MONTHLY NEWSLETTER**UPCOMING EVENTS**
