“We all need a cheering committee and parents are a child’s most important fans.”

-Vivian Kirkfield

Ms. Flores never misses a School Site Council meeting . She even attended on her birthday. She also represents our school at PAC meetings. Diana is an amazing parent and supporter of our school.

Parents attended virtual learning sessions over the course of the program and navigated the frustrations of learning via zoom. The PIQE parents had discussions and asked excellent questions as they learned about strategies to advocate for their students. These parents are truly amazing.

Sarah is always there to lend a hand when it comes to the students in the FFA. She is currently part of a group of parents working to start up a new boosters program in order to allow parents and community members to better support the students in the Ag. Department. She has went out of here way to help organize and provide lunches for students while participate at local county fairs and is always there to support when needed. Thank you Sarah for your continued support and all you do.

Amanda is working with other parents to start a new parent booster club for the FFA. She works diligently to support students from all over the school district, not just FFA. She is the kind of parent that can take an idea that is good for students and move forward to make it happen. She assist in finding buyers for student livestock projects, advocates for students and wants to see students have opportunities and then experience success. Thank you Amanda for your support.

She goes above and beyond for her daughter and made a majority of her Tennis and Soccer games wherever they were! She made sure she met the coaches and wanted to know everything about the sport and how to improve. We didn't have a lot of parents but she was the constant and even supported the rest of the team as well!

Mrs Cosentino is an amazing parent! She comes to all of our home matches, and even some of the away ones also. She not only supports her daughter, but she cheers for all of the other girls as well. Our team is blessed to have her as an awesome parent!
