2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Principal's Message

On behalf of the staff at James Madison Elementary School, I am delighted to welcome you to the 2021-2022 school year! We are looking forward to a productive partnership with you to ensure our children can achieve their highest potential. Our goal is to ensure that all students become critical thinkers, active problem-solvers, inquisitive readers, diligent researchers, and prolific writers. Teachers diligently work to refine their instructional strategies and identify best practices within Professional Learning Communities. Grade levels meet regularly to analyze student progress and identify areas of focus. We do this to prepare students for the demands of the real world so our students may become productive citizens, become our future leaders, and contribute and give back positively to the community. Education is a joint venture between school and home. As we work with our students to help them learn about the world around them through the prescribed curriculum, we very much appreciate the support that parents give their children at home as they strive to reach their learning goals. The foundation of a successful school is the cooperation between the students, staff, parents, and community. I look forward to a great year! On behalf of the staff of James Madison Elementary School, I want to thank you for being a part of our school community! Sincerely, Nora Guillén Principal, James Madison Elementary School

Mission Statement

The Mission of the Madera USD The Madera Unified School District will be widely recognized throughout California as a leader in education, where the futures of children are driven by their aspirations, not bound by their circumstances. Madison Mission statement: James Madison School promotes a positive and safe learning environment where all students will learn and experience success. Vision: Mavericks collaborate, think critically, and persevere through rigorous, relevant, and engaging tasks using multiple strategies and materials.

School Profile (School Year 2021-2022)

James Madison Elementary is one of 28 elementary/middle/concurrent middle school/comprehensive/ alternative high schools in Madera Unified School District. Currently, 2021-2022 school year enrollment is at 635 students. All programs follow a traditional school year calendar. Madison students participated in an Extended Learning summer school program during the 2021 summer session. Madison Elementary sits in the heart of Madera next to Madera High School. Our free and reduced lunch rate is at 92.6%. Our current English Language Learner population is 51.2% with the Spanish language spoken by 60.22% of our EL students. Advanced Learners: Although we no longer have the GATE program (Gifted and Talented Education), we still work hard to provide opportunities for our advanced students. Special Education Program: Madison

2021-22 School Overview

provides Center-Based Instruction for RSP students. Students are in the general education classroom for the majority of their day. Support is provided from a special education staff member during a portion of their time while pulling out of the general education environment for more intense instruction is determined based on the needs identified in the student's Individualized Education Plan (IEP). Madison has one full-time special education teacher and two full-time special education aides to support our students. English Learner Program: All of Madison's teachers are trained to teach culturally diverse populations. ELD (English Language Development) is taught to our English learners for an average of 30-45 minutes a day. Students are grouped by their language levels so that instruction can be targeted towards their specific areas of need. The emphasis is on listening, speaking, reading, writing, and thinking. Teachers evaluate students and monitor their progress. The results of these tests help teachers determine the next steps for instruction. Dual Language Immersion Program: Dual Language Immersion is a form of education where students are taught literacy and content in two languages, Spanish and English. It prepares our students for 21st-century learning, as well as college and career opportunities that will lead to success in a global economy. We have highly qualified bi-literate teachers to ensure success in the program. The Dual Language Immersion (DLI) Program uses the core curriculum taught in both Spanish and English. The teacher never uses both languages at the same time. Teachers are highly trained in delivering lessons that are understood by all students, regardless of home language. Hands-on experiences help students learn the language and content in a supportive environment. California Academic Standards are taught in all subjects areas. Teachers receive continuous professional development to enhance the delivery of instruction that promotes high levels of academic language and literacy.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Madera Unified held a public hearing on September 24, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks/instructional materials used in the school the most current available. Textbooks and instructional materials approved for use by the state are reviewed by a selection committee of teachers and administrators and a recommendation is made to the School Board for their approved use at the local level. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

The main campus was built in 1951, with additional portables added over the years. Madison now consists of 31 classrooms, one state preschool classroom, a multipurpose/cafeteria room, a library, a staff lounge/workroom, a staff meeting room, and administration offices. All of the classrooms are in good repair, as is evidenced by the annual Williams report. Playground space is adequate for the number of students we have enrolled; providing them with ample opportunity to be active during their recess time.

Cleaning Process

The site administration works daily with a custodial staff of 3.0 full-time employees to ensure that the school maintains cleanliness and safety. A staggered shift schedule ensures one custodian is available on campus from 6:00 a.m. to 10 p.m. A two-person team from the district maintenance department services the larger maintenance needs about every six weeks. The district makes a great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of School Construction. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review. The school grounds are clean and safe thanks to the efforts of many people. Madison has its own custodial staff that takes care of daily cleaning and maintenance.

Maintenance and Repair

Each year Madison is inspected by the Madera County Office of Education as part of the Williams Settlement and continues to meet all requirements for a safe school. District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have During the summer of 2021, James Madison's campus was updated with a new landscape, all student and staff restrooms and kitchen area were renovated. This remodeling has brought a beautiful curb appeal to our campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Madison provides a variety of opportunities for parental involvement and training. A Parent Resource Center (PRCs) at James Madison Elementary School is operated by MUSD. The PRCs is designed to provide the proper resources that will help parents with their children's education and promote parent engagement, by encouraging parents to take an active role in their children's school. The PRC center supports MUSD families by: Developing resources for families to support their children's learning at home, providing opportunities for parents to become involved in their children's education, ensuring that families receive literacy training and resources to support their children's academic achievement, networking with community organizations to support family engagement in education and supporting early learning programs to promote school readiness. Other involvement opportunities for parents are our School Site Council (SSC), and the English Language Advisory Committee (ELAC). These groups assist by providing input on budgetary and programmatic matters. The Madison DLI PTA assists with fundraising to support field trips, classroom activities and materials, as well as school-wide student activities. Parental communication is provided via Parent Square, Connect Ed, Madison website, the marquee, weekly Parent Newsletters, and e-flyers. Madison offers the following activities: Back-to-School Night, Open House, Math and Literacy Nights, Winter & Spring Concerts, parent-teacher conferences, student recognition assemblies, school carnival, Folklorico dance classes (potentially) and a multitude of parental classes in an effort to improve parental involvement and student connectedness to school. Parents are provided passwords to our grading system to monitor their child's progress and assignment completion. Our teachers are in frequent contact with their students' parents and strive to be accessible during non-instructional hours. For more information on how to become involved at the school, please contact Nora Guillén, Principal, at (559) 675-4630.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21
Suspensions	3.63	0.00	6.51	0.18	3.47	0.20
Expulsions	0.00	0.00	0.34	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Staff members supervise our school playground before school, during recess and after school to ensure student safety. James Madison Elementary has adopted Positive Behavioral Intervention and Supports (PBIS) as the foundation for enhancing the positive atmosphere of our school. PBIS is a proactive, team-based framework for creating and sustaining safe and effective schools. Emphasis is placed on prevention of problem behavior, development of pro-social skills, and the use of data-based problem solving for addressing existing behavior concerns. For this 2021-2022 school year, James Madison Elementary School continues to have staff participate in PBIS. This PBIS team continues enhancing the implementation of PBIS as a framework for creating and sustaining a safe and effective school. PBIS meetings are interactive, activity-based preparation for the implementation of School-wide PBIS matrices. Parents and students are informed of school rules and discipline policies through behavior assemblies, school-wide intercom announcements, and during parent meetings such as ELAC, Madison DLI PTA, and SSC. These policies are also included in the Parent/Student handbook that is sent home at the beginning of the school year. James Madison School regularly undergoes a thorough safety evaluation as a result of Madera Unified School District's Crisis School Management Project and Madera County Office of Education's yearly monitoring of Williams Settlement requirements. Our District also provides a maintenance team that reviews safety issues on our campus monthly. The School Safety Plan was reviewed and updated on August 5 and 6th Institute days 2020 and at the April 2021 SSC meeting by the School Safety Committee, SSC, faculty, and other stakeholders. Revisions are based on feedback received from parents, staff, and students on a school-wide survey. The key elements of the plan include regular inspection and maintenance of the campus, emergency procedures, an emergency alarm system, a specific campus emergency plan, and a list of emergency phone numbers. The entire staff is trained on portions of the plan and various emergency procedures throughout the year.

2020-21 Types of Services Funded

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2020-21 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

The California Department of Education issued guidance to the district in August 2019 regarding how to calculate school-level per-pupil expenditures that will be reported in the 2020-2021 fiscal year.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

District Revenue Sources (Fiscal Year 2020-21)

In addition to general state funding, Madera Unified School District received state and federal funding for the following categorical funds and other support programs:

- Title I, II, III, and IV

Professional Development

Staff members build teaching skills and concepts by participating in many conferences and workshops throughout the year, then they share their experiences and knowledge with district colleagues. Madison has dedicated half to full days to staff development annually for the past several years. Topics for staff development during the 2021-2022 school year include Dual Language Immersion Spanish Language Arts lesson planning, Academic English Language Development (AELD) lesson planning in addition to training on Methodology and Strategies used in a DLI school setting provided by the Association of Two Way Dual Language Education (ATDLE), Positive Behavior and Intervention Support, Thinking Maps, Write From the Beginning, Pathways to Proficiency, ELD Instructional Strategies, Kagan Engagement Strategies, Small Group Guided Reading, Daily 5, Learning Centers, 15 Day Math Plans and the Science of Reading. Madison will continue staff development in Strategic Academic Plan initiatives.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
