IMPORTANT UPDATES

Parent Teacher Conferences

Parent Teacher conferences will be held from January 18-24, 2022. We will be on a 1:10 early dismissal schedule every day of conferences. During the Teacher-Parent Conference, use this conference for a two-way conversation. Ask questions about grade level learning goals and your child's progress. Tell the teacher more about your family/child so they can do the best job possible. If your child is having difficulties in class (either academic or behavioral), discuss them constructively and agree together on an action plan.

NWEA – Testing

For the next few weeks your son/daughter will begin the NWEA Map Math and Reading assessments. Let's work together to make your child's experience a positive and successful one! As we continue to prepare the students academically at school, we ask that parents/guardians prepare the students prior to the assessments.

Here are some suggestions that you can do to help every day:

- Ensure your student arrives to class on time
- Have your child eat a healthy breakfast

- Ensure your child gets a good night sleep
- Encourage your student to do their best

Thank you for your support during these uncertain times. We appreciate your help in ensuring your student's success. If you have any questions, please do not hesitate to contact the school.

SELF CARE AND SUPPORT

Words have extreme power!

When you communicate, your words can not only influence others, but can also transform your internal state on a deep and profound level. Affirmations are powerful, positive statements that aim to direct your conscious and subconscious mind, challenging previously held unhealthy and negative thinking patterns. When they are spoken with conviction, they can alter your thoughts, emotions, beliefs and behavior. When used intentionally to create change, they can help you progress towards your achievements.

Some ideas of positive affirmations:

- I am a person of high integrity and sincere purpose.
- I am a competent and capable person.
- I treat myself and my children with kindness and respect.
- I am becoming a better parent every day.
- I am making a difference in my children's lives.
- The work I do matters.
- I am thankful to have a challenging and fulfilling job.
- I motivate and empower my children.
- I believe in myself and my abilities.
- I am peaceful and calm, and greet the day with ease.

"Parent Project"

COMING SOON! **February, 2022**

<https://parentproject.com/>

The Parent Project is a community-based parenting skills program adopted in Madera County. The program works directly with parents to help improve children's/adolescent school attendance and performance, reduce family conflict, curb drug and alcohol use, prevent runaways, stop violent behavior, and develop healthy in-home prevention and intervention strategies.

The Project Project comprises two independent programs, Loving Solutions (Parents with children 5-10) and Parent Project (Parent with children 11- up).

Strengthening Families

Effective parenting is a matter of strengthening the bond between the parent and child, and building positive parenting skills. In many cases, it may take only a few positive adjustments in the interactions between the parent and child.
