Associate Superintendent, Sisil presented the PAC Recommendations for the MUSD LCAP Goals and Actions, consideration for the 2023-24 school years. Staff and PAC President will present (3) items at the April 25, 2023, board meeting.

As a group we went over the final recommendations for the LCAP. Mrs. Sisl noted that under "other" in three sections of the LCAP, under Goal 1 Action 4.5, Goal 2 Action 4.5, and Goal 4 Action 4.5 our PAC Committee wanted to allocate money towards a "Student Advocate, additional staff to support students in all elementary schools" for all of the schools in the district grades k-12. Mrs. Sisil opened the floor for discussion and asked for input as to why we felt so strongly about this.

Melody Mouton expressed that having a student advocate at all schools who help elevate some of the case load from our counselors. Sarah Machado expressed that having a student advocate would benefit Special Education because parents and students would feel more comfortable discussing the process of testing children and perhaps they would be able to offer more support by explaining the process of testing and how to proceed after test results. Sarah also mentioned that if we had student advocates in the elementary school setting that we would be able to offer intervention earlier to help make students more successful in their education.

It was agreed to allocate money for either a student advocate or a position that would help support our kids/parents in grades k-12.

Mrs. Sisil also noted that in Goal 2 and Goal 3 parents of the PAC Committee felt that there was a need for a GATE Program and a Literacy program. After discussion with the group we agreed that these items needed to be on the LCAP recommendation to the board.
