During the meeting we went over the goals in the first three sections of the LCAP. The voting members were broken up into even groups and we went over the current goals of each section of the first three sections. While we were at each station reviewing the LCAP goals, we were given We Believe Bucks. For each section we were given up to five hundred dollars. At each station the current goals were listed and gone over. We had the opportunity to write in new goals. Then we were able to choose which items were the most important to us. By putting in our We Believe Bucks, it gave us a vote on the items that we would like to see continued, added or needed improvement on.
