Detailed Summary - Update as of October 31, 2016

The CalSAFE program, which supports pregnant and parenting students is currently offered at Madera High School and Mt. Vista High School. The CalSAFE program will be expanding in early Spring 2017 to increase accessibility to students attending Madera South High School. The construction of the building which will house an infant classroom, a toddler classroom, and auxiliary rooms such as a kitchen, office, restrooms and laundry facilities is currently underway at the Madera South High School campus.
