|----------------------------------------------------------------------------------------------------------------|-----------------|

**LCAP Action Detailed Summary:**

The district was able to hire 2 additional translators to make 4 for the district. Due to the high need for their services at the secondary schools, they have been assigned to sites two days per week and the other days, they work in the district office attending to the translation needs of Special Education. Once placed at sites, the need for 4 additional translators to be hired for the 16-17 school year became very apparent. One of the original translators resigned, so that position will be posted as well. Currently about 100 IEPs still need translating.
