

# PARENT RESOURCE CENTERS

All parents of students who attend Madera Unified School District schools are welcome to take part in the Online Distance Learning Educational Programs offered through the Parent Resource Centers (PRCs). Resources and Virtual Classrooms are waiting for you!

## WHO WE ARE

The PRCs are designed to provide resources that will help parents with their children’s education and promote parent engagement, by encouraging parents to take an active role in their children’s academic and social-emotional pathway.

## WHAT WE DO

PRCs support MUSD families by:

- Developing resources for families to support their children’s learning at home
- Providing opportunities for parents to become involved in their children’s education
- Ensuring that families receive literacy training and resources to support their children’s academic achievement.

PRCs support the MUSD community by:

- Networking with community organizations to support family engagement in education
- supporting early learning programs to promote school readiness
