About the HiSET® Exam

Aligned with the College-and-Career Readiness Standards for Adult Education, the HiSET exam offers test takers an opportunity to demonstrate their skills and knowledge and earn a high school equivalency credential from the state of California.

HiSET® Exam Credential

This high school equivalency credential is portable — that means the credential is accepted by every state, not just the one where you earned it. This credential is recognized and accepted by every state, territory and jurisdiction, as well as by the U.S. Department of Education, the U.S. military and federal programs. Having an HSE credential will expand the opportunities available to you.
