2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Profile (School Year 2023-2024)

Berenda Elementary is one of 28 schools in Madera Unified School District. On average, Berenda's enrollment stands at 755 TK-6th grade students with classes arranged on a traditional calendar. 84% of our students and families are considered socio-economically disadvantaged, 18% of our students are emergent bilingual, and our staff of 72 is committed to creating a safe climate and culture to increase student achievement. Only 10% of our classroom teachers have less than six years of classroom experience which contributes to the family atmosphere. We are ATSI school as well as a recipient of the California Community Schools Grant which has provided funding to better meet the social and emotional needs of our students such as a Student Advocate and training for our supervision aides on playground games.

As our mission states, Berenda Elementary is committed to nurturing and sustaining safe, respectful, and responsible learners who persevere in socially, emotionally, and academically, and our vision (Berenda Broncos will demonstrate their ability to think creatively, communicate clearly, collaborate respectfully, produce purposefully, adapt thoughtfully, and contribute generously) drives our daily decisions. Our instructional teams are "learning by doing" through their weekly collaborative meetings focused on learning. This process continues to be a site wide initiative with a focus this year on developing and aligning Common Formative Assessments and Common Summative Assessments to the level of rigor of our state standards. Our site is working with district coaches and consultants to implement the first two Principles of the EL Roadmap to ensure high levels of learning for each student. We are a learning organization with positive behavior expectations as our foundation. For the past two school years, Berenda has been recognized as a PBIS Platinum School. Our staff and students demonstrate the "Three Bs": Be safe...Be Respectful...Be Responsible. Our leadership teams monitor behavior trends and academic growth in order to make informed adjustments to better our climate and academic experiences.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Madera Unified held a public hearing on September 24, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks/instructional materials used in the school the most current available. Textbooks and instructional materials approved for use by the state are reviewed by a selection committee of teachers and administrators and a recommendation is made to the School Board for their approved use at the local level. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

Berenda Elementary was originally constructed in 1985 and is comprised of 29 TK-6 general education classrooms, 1 Special Education classroom, 1 Literacy Lab, 1 STEM room, 1 Art room, 1 Multipurpose room/Cafeteria, 1 Library, 1 Music room, 5 Madera County Office of Education classrooms, and 2 playgrounds. All classrooms are in good repair. Playground space is adequate for the number of students who attend at any given time. There is adequate space for staff to work. Three of our four student bathrooms have been remodeled to meet ADA compliance. Our school grounds are clean and safe thanks to the efforts of many people. A new bus loading zone, located on Road 27, is to be completed before the end of the 2023 calendar to better support student safety during dismissal times.

Cleaning Process

The principal works daily with the custodial staff of 3 full-time employees to ensure that the school is maintained to provide a clean and safe school. They work a staggered shift schedule with one of them available on campus from 6 a.m. to 10 p.m. A two-person team from the district maintenance department services the larger maintenance needs. The district makes a great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of School Construction. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review.

Maintenance and Repair

On a regular basis, classrooms, and facilities are inspected by the custodial staff and administration to identify needed classroom repairs. District maintenance staff ensures that the repairs are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parents are an essential component of Berenda Elementary School. The Berenda Parent Club (BPC) meets monthly to coordinate fundraising activities to support class field trips, school needs, and existing programs. Parents, grandparents, and community members provide meaningful support for our students and staff. In addition to fundraising, the BPC organizes and/or facilitates many school events (Harvest Festival, Family Fun Night, Jog-a-thon, Used Book Sale, etc.) The BPC also supports the efforts of the teachers by providing academic incentives and rewards for our students. Parents are involved in school governance through their participation on School Site Council (SSC), English Learner Advisory Committee (ELAC), District ELAC, and Parent Advisory Committee (PAC). The high level of involvement and cooperation on the part of our parents contributes immensely to Berenda's success in meeting the needs of all students. We feel it is critical for every parent to attend Back-to-School Night, Open House, and Parent Conferences. We also host multiple Parent Nights on various academic themes. Parents are encouraged and welcomed to work in classrooms, attend assemblies, chaperone field trips, and work on school committees. For more information on parent involvement, contact Lori King at 559-674-3325.

2023-24 School Safety Plan

The safety of students and staff is of utmost importance at Berenda Elementary School. Berenda's Safety Plan was developed in conjunction with the Madera Unified School District (MUSD) Department of Student Services. The plan is revised and reviewed annually with the staff. Parents are also involved in the development of the plan via the SSC. The Safety Plan includes procedures and policies for the following areas: child abuse reporting; suspension and expulsion; due process; notification of staff regarding dangerous pupils; sexual harassment; dress code; safe ingress and egress of the school by students, parents and staff; fire, earthquake, lock-down and evacuation; and a statement regarding school discipline. A key element of the Safety Plan is the Crisis Management Plan. This plan outlines procedures for emergency response, school evacuation, and communication in the event of a crisis situation or disaster. In addition, an emergency 'Go Bag' is stocked with first aid supplies and an updated student list of emergency contact numbers. The School Safety Plan goals are reviewed, updated, and shared with school faculty annually. The plan was approved at our September 2023 SSC meeting.

Professional Development

Our school is committed to improving the performance of all students through a comprehensive professional development plan focused around our school-wide goals. Staff development days are designed to support staff to refine existing skills, learn new instructional strategies and gain knowledge needed for effective implementation of the curriculum, instruction and assessment. The Professional Learning Community process is highly valued and teachers have weekly opportunities to collaborate with their colleagues focusing on unit planning, data analysis, response to intervention academic and behavior strategies, student engagement, and English Language Development.

The district continues to offer a variety of professional development opportunities for staff on diverse topics. Professional Development is available through district workshops, conference attendance, and online learning. Teachers receive support from in-class coaching as well as feedback from administrators. New teachers have an assigned mentor that they work alongside with that provides coaching support and feedback.

This table displays the number of school days dedicated to staff development and continuous improvement.
