Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school's plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

District Mission Statement

We are committed to creating and sustaining a culture enabling Madera Unified students to experience an unparalleled educational journey that is intellectually, socially, and personally transformative.

District Vision Statement

Madera Unified will set the standard for hard work, creativity, and resiliency with a fearless drive to continuously improve.

School Name

Cesar Chavez Elementary

School Mission Statement

Educate, empower and inspire all

School Vision Statement

Cesar Chavez is a safe, stimulating, and fully inclusive community where students and teachers engage in high levels of learning, joyfully build relationships, face new challenges, and learn to persevere with confidence in reaching their full potential.

2022-2023 Plan Summary

Cesar Chavez Elementary's priority is to use the Professional Learning Community to deeply analyze the learning progress of students and rapidly respond to their academic needs. Through this process, students will be taught at high, rigorous levels of instruction to accelerate their progress. Students will be assessed using a variety of measures to accurately identify skill deficits and instructional intervention will be used to support students in progressing toward their academic goals.

Planning time throughout the week will enable teachers to closely analyze data and plan the appropriate instructional response. Teachers will use their lesson planners to plan and develop standards-based instruction using scaffolds and supports that will enable all students to fully access the core curriculum and make adequate progress toward mastering grade-level standards.

Intervention needs will be addressed first in the classroom at the Tier 2 level. Teachers will continue to be provided with resources and support to meet the needs of struggling students. Documentation will be kept on weekly lesson plans and kept for future reference and guidance. Students who have been identified as Tier 3 students will meet weekly with the RTI TSA to receive explicit instruction that addresses their specific skill deficits. Students who progress sufficiently toward their reading goals will be exited back to the tier 2 level of intervention to continue receiving support from the classroom teacher.

English learners will be monitored and instructed according to needs identified through state and district assessments. Designated instruction will be planned to provide students with language skills necessary to be successful in core subjects.

EL progress will be monitored through all assessments given throughout the year and scaffolds and supports will be used to assist ELs in making academic progress toward learning goals.

The PBIS team will continue to monitor the school culture and climate. Using the results of the Panorama Survey, specific actions will be implemented school-wide to improve school climate, belonging, engagement, and connection. Students will be rewarded with Golden Tickets for following the CHAMP expectations. Golden Tickets can be used to purchase rewards in the PBIS store. Behavior intervention plans will be developed with parent support for individual students as needed through the SST process.

Parents have always been an important part of the Chavez Community. Translations and interpreting will continue to support parents in bridging the language barrier. Empowering and educating parents is a high priority for the Chavez community.

The district will continue to provide the After School Program for students to receive enrichment and support with academics. Intersession will also be provided to students to help close the achievement gap.

Comprehensive Needs Assessment Components

Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

Parents and 3rd-6th grade students will take the annual Panorama survey. A needs assessment survey will be conducted with the ELAC committee.

Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

Short, frequent, informal observations happen in all classrooms throughout the year for the purpose of providing instructional feedback to support and improve instruction and learning.

Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

State and local assessments are given at Chavez: CAASPP, ELPAC, ESGI, NWEA, and RI

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Common formative assessments along with state and district data are used to modify instruction. Teachers in grade-level teams meet regularly to review data, plan for intervention, and modify their instructional plan. The SAP team uses the data to create the school's instructional plan and focus.

Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

All staff members at Cesar Chavez Elementary School are highly qualified. MUSD's Human Resources Department takes care and monitors this.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Professional development is offered at the district level and at the site level to support teachers in English Language Arts, Mathematics, English Language Development, and Science. Professional Development focuses on using instructional strategies with our SBE-adopted instructional materials.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

Our staff development is based on strategies and techniques for teachers to use their instructional materials in delivering the content standards to students. Teachers collaboratively develop their instructional planners in accordance with student needs and state standards expectations.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

The school district has District Academic Coaches, Ed Services department, and administrators are available to provide classroom teachers with instructional assistance and support. Teachers receive one-on-one support and are also able to attend workshops held within the district that focus on content standards, instructional strategies, and how to use our SBE adopted instructional materials.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers in all grade levels are consistently provided 100 minutes to collaborate each week. They have additional time built into their schedules for planning and observing other teachers.

Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

All classes use the adopted state curriculum that are aligned to the performance standards. Teachers create lessons, activities, and homework based on performance standards.

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Teachers utilized the district EPC document to plan and design for instruction that adhered to the recommended instructional minutes for core subject instruction.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

By grade levels, teachers plan and pace lessons based on essential standards. The Math Scope and Sequence is used by teachers to help with the pacing and focus of essential standards. Teachers have essential program components they need to include in their weekly lesson plans and there is time built in for intervention in the program components. Grade-level teams determine the pace based on the data they have on their pupils.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

All teachers and students have access to district approved curriculum and materials for all core subject areas as verified by district representatives and the William's Act visitation teams.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

The District Office's Curriculum, Instruction and Assessment department make sure that all of the instructional materials are standard-aligned.

Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

One full-time RtI Teacher and District Academic Coaches provide universal and intervention support to teachers and students. Time is also built into lessons for teachers to provide underperforming students support to meet standards.

Evidence-based educational practices to raise student achievement

Teachers and administrators have received training on educational practices in ELA and mathematics to raise student achievement.

Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

The Parent Resource Center offers parenting classes to parents in both English and Spanish as well as other classes throughout the school year. Students are able to sign up for the after school program where they can get assistance with homework. Migrant students can receive tutoring after school. Online tutoring is also available to students in grades 3-6 7 days a week.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

Parents participate in district and site committees such as School Site Council, English Language Advisory Council, Parent Advisory Council, and the Chavez Parent-Teacher Club.

Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

A Teacher on Special Assignment for struggling readers, and classroom materials to support those underperforming students are provided through categorical funds.

Fiscal support (EPC)

Title I Parent Ed and Professional Development

Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Stakeholder Involvement

Cesar Chavez Elementary School Site Council (SSC) and support staff met and discussed our SPSA to determine the needs of our students. Input and feedback are also provided by the Chavez Leadership Team, parent groups and the ELAC committee to adjust goals and budget. The Comprehensive Needs Assessment was updated and presented for approval to the SSC.

Annual Review and Update

The School Site Council met in May 2022, to review the goals, actions planned, and budget for the 2022-2023 SPSA.

Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

GREATEST PROGRESS

The projection shows that our greatest progress will be in the area of ELA on the CAASPP for the 2022-2023 school year.

GREATEST NEEDS

Our greatest need is with our incoming 6th grade students for the 2022-2023 school year across all subject areas. This is a significant group that is making minimal growth. Mathematics is also an area of need for our school population in grades 3-6 according to the NWEA and projected CAASPP scores.

PERFORMANCE GAPS

In ELA and Math, English Learners and students with disabilities are performing much lower than other student groups. Fifth grade is also projected to score lower on CAASPP in both ELA and Math in the spring of 2023 than other grades.

We also know that Mathematics is an area of need in grades 3-6 and will look closely at the NWEA Learning Continuum for Mathematics as well as following the Math Score and Sequence.

INCREASED OR IMPROVED SERVICES

Through the PLC process, teachers will closely monitor the progress of English learners in both ELA and Math and will carefully designate ELD instruction to provide students with the language skills needed in core subjects.

Through this collaborative process, teams can identify gaps and weaknesses and plan instruction and intervention to address the specific needs of these students. Any and all available data will be used to design appropriate instruction/intervention for students.

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021.

This section provides information about the school's student population.

Academic Performance English Learner Progress

Although both Senate Bill 98 and Assembly Bill 130 suspended the publication of state indicators on the 2020 and 2021 California School Dashboards, these bills also required the reporting of valid and reliable data that would have been included in these Dashboards.

To meet this requirement, CDE has made available the Enrollment, Graduation Rate Additional Report and the College/Career Measures Report data available. All other reports are not available for 2020 and 2021, thus the most recent data (2019 Fall) is provided here.

This section provides a view of the percentage of current EL students making progress towards English language proficiency or maintaining the highest level.

LEA/LCAP Goal

State Priorities: 1, 2, 4, 5, 7, 8

Local Priorities: Specify Local ELA, Math assessment, K-3 early reading literacy and reading, D's or F's on report card grade

Goal 1

Strong Core Academic Programs – Build and sustain a standards-aligned instructional system that promotes a culture of high standards for all students, with the expectation that all students complete academic programs of study that equip them for success at the next level in school, college, and career. (Madera Unified's identified need is a reflection of the commitments listed within the Madera Unified strategic plan.)

Identified Need

Build and sustain a standards-aligned instructional system that promotes a culture of high standards for all students, with the expectation that they complete academic programs of study - equipping them for success at the next level in school, college, and career. Additionally, accelerate instructional effectiveness by investing in evidence-based collaboration, differentiated professional development, timely support, and leadership development for teachers, leaders, and staff.

Strategy/Activity

Planned:

Teachers on Special Assignment will continue to provide guidance to classroom teachers

- * Collaboratively review and analyze data with staff to identify student needs and supports.

- * Identify academic need and create appropriate instructional groups.

- * Attend and provide professional development to assist teachers in the implementation of research-based strategies and data analysis.

- * Update list of services provided on Rtl Tracker, monitor progress, and support identified interventions indicated on the 'Green' intervention folder.

- * Provide research-based interventions in a push-in or pull-out model, targeting students' identified needs.

- * All students will have equal opportunities to research based interventions through universal access - small group instruction.

- * Provide professional development to support effectively implementing intervention in the classroom.

Strategy/Activity

Planned:

Purchase supplemental Instructional supplies, Books and reference materials and Duplication/Print shop.

- * Purchase books, online subscriptions, and/or monthly student magazine subscriptions to increase student's decoding, fluency, reading comprehension, and/or exposure to more non-fiction text in alignment with common core expectations.
- * Purchase materials to improve performance on Smarter Balanced assessment.
- * Utilize the district's print shop service to provide materials for student use as well as for parent education.
- * Purchase materials including, but not limited to, duplication, software, CD/DVDs, online subscriptions to software programs, books, project boards, audiovisual equipment, teacher resources, or other items that support instruction to help students access the core or intervention.
- * Purchase materials and supplies to support the implementation of advanced thinking skills.
- * Purchase materials and supplies to support project-based learning opportunities. These items could be purchased to support students in the classroom or in a STEM/STEAM lab setting.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Need overall implementation and effectiveness of each Strategy/Action

Goal 1 Action 1: The full-time RTI TSA (50% funded by site Title 1 funds) provided targeted literacy skills and intervention to students in grades 4-6th. Students were supported at their instructional reading level. The Rtl teacher used a program called School Pace rather than the Rtl tracker as a means of monitoring her students. She worked with the 1st grade teachers to identify research-based strategies and analyze data.

What were the activities implemented?

The Rtl/TSA was able to implement all activities. The TSA reviewed data and created appropriate instructional groups based on the identified needs of the students in Tier III. The TSA monitored progress of each student and supported identified interventions based on need and data.

- * Collaboratively review and analyze data with staff to identify student needs and supports.
- * Identify academic need and create appropriate instructional groups.
- * Attend and provide professional development to assist teachers in the implementation of research-based strategies and data analysis.
- * Update list of services provided on Rtl Tracker, monitor progress, and support identified interventions indicated on the 'Green' intervention folder.
- * All students will have equal opportunities to research based interventions through universal access - small group instruction.

What was not implemented that was in the 2021-22 site plan?

- * Provide research-based interventions in a push-in or pull-out model, targeting students' identified needs.
- * Organize, schedule, facilitate and/or attend SST/COST meetings with parents.
- * Work with teachers to provide demonstration lessons, facilitate teacher observations, and support development of rigorous lessons.
- * Provide professional development to support effectively implementing intervention in the classroom.

What was the overall effectiveness?

All students met regularly with the TSA and showed growth. Some students show enough growth to exit Tier 3 intervention and return to Tier 2 intervention at the classroom level.

Goal 1 Action 2: Purchased supplemental instructional supplies, books and reference materials including: purchased Nicky's folders for student/home communication, Scholastic News and California Weekly subscriptions for grades 2-6, Duplication/Print shop instructional materials were provided per grade level.

What were the activities implemented?

Books and magazines were purchased for classrooms and for students to take home. Online subscriptions were also purchased. Other instructional materials were purchased to support implementation of the core program.

Items purchased:

- *Classroom books
- *Library Books
- *Leveled Readers
- *Instructional Supplies
- *Manipulatives

What was not implemented in the 2021-22 site plan?

All strategies/actions were implemented

What was the overall effectiveness?

Based on district assessments (NWEA, RI), students showed growth in reading and math. Lexia data also showed continual growth and identified areas of weakness to be addressed by the classroom teacher.

Goal 1 Action 3: Teacher extra time was provided for the leadership team to meet after hours for planning.

What were the activities implemented?

The leadership team met after school for regular planning. Grade-level teams met for planning when extra time was needed.

What was not implemented in the 2021-2022 site plan?

Tutoring took place but was funded by the district. Teachers did not attend conferences or workshops outside of the district.

What was the overall effectiveness?

The leadership was able to continue meeting to make instructional decisions. Tutoring had a positive effect on students' academic growth. Students were able to progress to higher levels of learning.

Goal 1 Action 4: Classified/Clerk extra time was utilized this year for translating.

What were the activities implemented?

Clerks were hired for translating.

What was not implemented in the 2021-2022 site plan?

This action was implemented.

What was the overall effectiveness?

Translation services enabled teachers and parents to communicate and collaborate to support student learning.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Goal 1 Action 1 - The Rtl TSA met with most of her students virtually for intervention instruction. She also joined classrooms during core instruction to provide support to her students.

Allocation: \$63,160 Estimated Actuals: \$63,160

Was there a difference? No Why or Why not? Salaries are set up for the exact amount needed for a school year resulting in a zero balance.

Goal 1 Action 2 - Supplemental instructional supplies were purchased to support literacy instruction.

*Instructional Supplies. $\$15,052 - 6,106 = \$17,063$

*Books and reference material \$25,000 - \$2,423 = \$22,546

*duplication/Printshop \$1,000 - 0 = \$1,000

*Magazine subscription \$5,000 - \$0 = \$5,000

Allocation: \$ 46,052 Estimated Actuals: \$8,529

Was there a difference? Yes Why or Why not? Additional COVID funds were provided that had to be spent. For this reason, Title I funds were not completely spent.

Goal 1 Action 3 - Teacher release time was used to provide teachers with the opportunity to observe high-impact lessons. Increased planning time provided teachers with more opportunities to work collaboratively.

*Substitute Coverage \$4,096 - \$220 = \$3,876

*extra-time \$8,102 - \$6,258 = \$1,844

*travel and conference \$ 9,000 - \$1,272 = \$7,728

Allocation: \$ 21,198 Estimated Actuals: \$3,336

Was there a difference? Yes Why or Why not? Additional COVID funds were provided that had to be spent. For this reason, Title I funds were not completely spent.

Goal 1 Action 4 - Funds were not used for after-school tutoring due to COVID-19 and the school closure.

*Translation \$750 - \$0 = \$750

Allocation: \$750 Estimated Actuals:

Was there a difference? Yes Why or Why not? Additional COVID funds were provided that had to be spent. For this reason, Title I funds were not completely spent.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goal 1 Strategy/Activity 1

We are planning to continue to fund our Response to Intervention TSA position to provide intense intervention for students in grades 3-6. She will provide instructional guidance in effective intervention strategies for literacy instruction and will provide professional development for teachers as needed. The Rtl TSA will provide guidance/support as a member of the MTSS team.

*Why are you Keeping, Deleting, or Modifying this Action and or Goal?

Data from the ARC reading assessment indicates that students in grades 3-6 who received Rtl services showed growth.

Goal 1 Strategy/Activity 2

Name of Activity: Purchase supplemental Instructional supplies, Books and reference materials and Duplication/Printshop.

Teachers and students will continue to need additional supplies to support engagement.

*Why are you Keeping, Deleting, or Modifying this Action and or Goal?

We anticipate that we will have more students that will need additional resources in Mathematics and English Language Arts because of learning loss during the COVID-19 pandemic. Currently, students who are attending school are in general performing better than students in distance learning.

Goal 1 Strategy/Activity 3

Name of Activity: Provide teacher release time, extra time and Travel and Conference:

Although teachers will have built-in planning time next year, we anticipate that there may be a need for additional time to support effective planning and preparation. After-school tutoring will be provided beginning in September of 2021 using Lexia, PowerUp and MAP Accelerator in grades K-6 at least 3 days a week with a minimum of 10 students per teacher. We believe that these programs in conjunction with teacher intervention will provide the necessary skills that students are missing. Budgetary allocations may need to be increased due to the after-school tutoring program.

Goal 1 Strategy/Activity 4

Name of Activity: Classified/Clerk extra time

Classified staff and interpreters will continue to support our communication with parents and our community.

Annual Review

SPSA Year Reviewed: 2021-22

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Goal 2 Action 1: The Cesar Chavez PBIS team participated in training this year with Dr. Hannigan. Teachers modified the classroom behavior matrices for distance learning. The PBIS team continued to advance through the implementation steps to fully implement the PBIS model.

Goal 2 Action 2: Additional COVID funds were provided that had to be spent. For this reason, Title I funds were not completely spent.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

No funds were expended for this goal.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

We will continue with PBIS training, professional development, and implementation by the PBIS team.

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Goal 3 Strategy/Activity 1

- What were the activities implemented?

Purchase supplemental instructional supplies, books and reference materials, Duplication/Printshop and Electronic and mail Parent Communication:

* Purchase materials to support parent involvement.

* Utilize the district's print shop service to provide materials for parent communication and education.

* Purchase materials including, but not limited to, duplication, software, CD/DVDs, online subscriptions to software programs, books, project boards, audiovisual equipment, teacher resources, or other items that support parent involvement.

- What was not implemented that was in the 2020-21 site plan? Instructional supplies for parents were not purchased. Print shop was not used for parent communication. Parent classes were not held.
- How effective were these activities to achieve the articulated goal? Most parent communication was conducted electronically. Educational and informational materials were shared this way.

Goal 3 Strategy/Activity 2

- --What were the activities implemented? Classified staff was hired to translate for parents during parent-teacher conferences and during SST meetings.
- --What was not implemented that was in the 2021-22 site plan? Refreshments and childcare were not provided.
- --How effective were these activities to achieve the articulated goal? With the help of translators, parents were supported in conferences and SST meetings.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

Goal 3 Strategy/Activity 1

Name of Activity: Purchase supplemental instructional supplies, books, and reference materials, Duplication/Printshop and Electronic and mail Parent Communication:

*Budgeted: \$1,796 Estimated Actuals: \$0

*Difference: \$1,796

Why: Parent information and communication was distributed electronically.

Goal 3 Strategy/Activity 2

Name of Activity: Provide teacher/classified release time and extra time:

*Budgeted: \$ 372 Estimated Actuals: \$429

*Difference: \$ 57

Why: The amount budgeted for extra time was underestimated and additional funds were allocated to support parents with interpretation.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Goal 3 Strategy/Activity 1

Based on the data, all strategies/activities in Goal 3 will continue to be supported by Title I funds to support our SAP initiatives.

Goal 3 Strategy/Activity 2

Parent workshops will be coordinated through the Parent Resource Centers and held in conjunction with their services.

Teacher/Classified Release Time & Extra Time will be utilized to support parent involvement.
