2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Principal's Message

On behalf of the entire James Monroe staff, it is with great pleasure that I welcome you to James Monroe Elementary School. James Monroe is located at the Northeast edge of the city limits of Madera. We have an enrollment of 681 students in preschool through sixth-grade school. James Monroe is an award-winning school and has achieved California Distinguished School status. James Monroe is a two-time California School Board Association Golden Bell Winner (1997 and 2001).

The teachers at James Monroe Elementary School work together as grade-level teams collaborating on student learning. They are dedicated to teaching students and make sure they are learning so that they can achieve grade-level proficiency. We want to offer each child an equal opportunity to gain a quality education and provide the students the basic foundation to achieve academically and become life-long learners and productive citizens in their community.

Mission Statement

Our mission is to teach students and make sure they are learning so that they can achieve grade-level proficiency or above. We want to offer each child an equal opportunity to gain a quality education and provide them the basic foundation to achieve academically and become lifelong learners and productive citizens in their community. We, along with the school board believe that the futures of children are driven by their aspirations, not bound by their circumstances.

School Vision Statement

In order for us to achieve our mission, we must become facilitators of excellent first instruction focusing on Common Core State Standards. We must become adaptive teachers who are flexible and willing to change and take on new challenges and opportunities. We must become a culture of collaboration in with the parents, teachers, and administrators work together for the good of the students.

School Values

We have to be examples of superior behavior and instill excellent values in our students by example. We will post our expectation values. We must become a professional working community that can respect others and their opinions and appreciates diversity. We must focus on learning, and intervention must be timely and not remediation. Teachers must work as a team and must have time to meet and analyze data and teaching practices.

2021-22 School Overview

School Profile (School Year 2019-20)

James Monroe Elementary is one of 28 elementary/middle/comprehensive/ alternative high schools in Madera Unified School District. During 2019- 2020, 681 K-6th grade students were enrolled at the school, with classes arranged on a traditional calendar.

Special Education Program: Monroe serves students with special needs in grades K-6 both through an RSP and SDC model. Our RSP teacher supports students in the general education classrooms as well as pulls them into small groups to provide skill-based remediation. Our SDC teacher serves students in grades 4-6 whose IEP determined that the student needed special education service for more than half of their day. These students are mainstreamed with their peers for lunch, recess, and PE.

English Learner Program: All of Monroe's teachers are trained to teach culturally diverse populations. ELD (English Language Development) is taught to our English learners for a designated 45 minutes daily and integrated ELD throughout the day. Students are grouped by their language levels so that instruction can be targeted towards their specific areas of need. The emphasis is on oral language, listening, reading, and writing. The District provides a benchmark testing system for our English Language Learners. Teachers evaluate students three to four times a year and monitor their progress. The results of these tests help teachers determine what skills need to be taught or reviewed.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Madera Unified held a public hearing on September 24, 2019, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, and science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and instructional materials are adopted according to a cycle developed by the California Department of Education, making the textbooks/instructional materials used in the school the most current available. Textbooks and instructional materials approved for use by the state are reviewed by a selection committee of teachers and administrators and a recommendation is made to the School Board for their approved use at the local level. All recommended materials are available for parent examination at the district office prior to adoption.

School Facility Conditions and Planned Improvements

James Monroe Elementary was originally constructed in 1950 and is comprised of 34 classrooms, 1 multipurpose room/cafeteria, 1 library, 1 staff lounge, and 2 playgrounds.

All of the classrooms are in good repair, as is evidenced by the positive Williams report that Monroe receives yearly. The following chart displays the results of the most recent school facilities inspection information. The chart displays data collected in August 2021.

Playground space is adequate for the number of students we have, providing them with ample opportunity to be active during their recess times. There is adequate space for staff to work, but storage space is still an issue. In 2019/20, a new, larger library was developed, which includes a variety of genres of books, areas for students to sit and read, a detailed system of locating books quickly and efficiently, and technology for the student to utilize in searching for books, taking AR tests, and as a resource for informational access.

Cleaning Process

The principal works daily with the custodial staff of 3 full-time employees to ensure that the school is maintained to provide for a clean and safe school. They work a staggered shift schedule with one of them available on campus from 6:00 a.m. to 11:00 p.m. A three-person team from the district maintenance department services the larger maintenance needs about every six weeks. The district makes a great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of School Construction. The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office for review. The school grounds are clean and safe thanks to the efforts of many people. Monroe has its own three full-time custodial staff that takes care of daily cleaning and maintenance.

Maintenance and Repair

Each year Monroe is inspected by the Madera County Office of Education as part of the Williams Settlement and continues to meet all requirements for a safe school. District maintenance staff ensures that the repairs necessary to keep the school in good repair and work orders are completed in a timely manner. A work order process is used to ensure efficient service and the highest priority is given to emergency repairs. While reviewing this report, please note that even minor discrepancies are reported in the inspection process. The items noted in the table have been corrected or are in the process of remediation.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

James Monroe Elementary greatly benefits from its supportive parents who volunteer in the classrooms and help chaperone on field trips. Parents are also welcome to join the School Site Council or English Language Advisory Council (ELAC), and the Parent Advisory Committee (PAC).

Our Family School Compact and Title I School-Level Parent Involvement Policy can be found in our Parent-Student Handbook sent home with our students at the beginning of each school year.

Parents have full access to the Monroe Parent Resource Center from 8AM to 8PM, which includes access to computers. The MPC offers ELL, GED, Parenting classes, and Family Literacy and Family Math Nights.

The Monroe Parent Club is very active on Campus. They have purchased sports uniforms and shirts for the student spelling bee and math teams, with the money they have earned through their fundraisers such as Family Movie Nights and selling items at various events that the school site has hosted.

Parents are always welcome to visit their child's classroom or make an appointment with their child's teacher to discuss their child's behavior or academics.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.34	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The safety of students and staff is a priority at James Monroe Elementary. The school is always in compliance with all laws, rules, and regulations pertaining to hazardous materials and state earthquake standards. The School Site Safety plan was last reviewed and updated February 2020, by the School Site Council. All revisions were communicated to both the classified and certificated staff. The school's disaster preparedness plan includes steps for ensuring student and staff safety during a disaster. Fire and disaster drills are conducted on a monthly basis throughout the school year. Lockdown and Earthquake drills are held once per year. Students are supervised before and after school by certificated and classified staff, and classified staff/principal supervise students during lunch. Certificated staff/classified staff help with supervision during lunch and break periods. There is a designated area for student drop off and pick up. Visitors entering the campus must enter the main office and sign in and receive a pass.

2020-21 Types of Services Funded

At the time this report was published, the most recent financial and salary comparison data from the State of California was for the 2020-21 school year. The Expenditures Per Pupil table provides a comparison of a school's per pupil funding from unrestricted sources with other schools in the district and throughout the state.

The California Department of Education issued guidance to the district in August 2019 regarding how to calculate school-level per-pupil expenditures that will be reported in the 2020-2021 fiscal year.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>. To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Student Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
