Child Nutrition

Meal Distribution

Meal distribution is every Wednesday from **11 a.m. - 12:30 p.m.** at all 18 elementary schools.

Madera Unified's Child Nutrition Department serves meals under the guidelines of the Seamless Summer Option (SSO). This allows schools to offer meals to all children (between the ages of 1 - 18) at no charge.

Why the SSO?

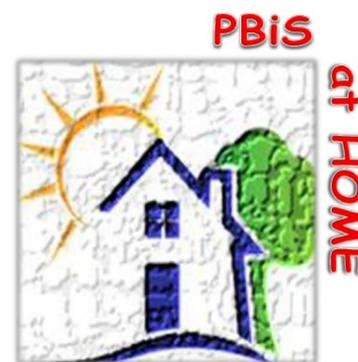

This helps minimize the challenges of meal service during this pandemic. Children do not have to be present to receive meals when the parent/guardian is picking up during meal distribution.

Student & Family Support Services

PBIS at Home

At your child's school site Positive Behavior Interventions and Supports (PBIS) are implemented. PBIS is a way to establish routines and procedures across the school site in all environments. These routines help create structure and predictability for MUSD students. It is possible to establish these routines and procedures at home as well by utilizing this resource made available from CalTAC.
