

## **Addendum No. 1**

### **Installation of New Bleachers at the Varsity Baseball Field at Madera High School**

**Prepared by:**

**Alan Mok Engineering**

1-01 Contractor shall have either an 'A' or D64 license to bid on this project.

1-02 Scope of Work

The scope of work for this project shall include fine grading, construction of all concrete footings and reinforcement, furnishing, fabrication and installing metal bleachers, ramps, stairs, and press box, complete and functional. Also included is the cost for preparation of the construction documents and engineering calculations.

1-03 The time of completion shall be 90 calendar days.

1-04 Substitutions

Madera Unified School has been working with Southern Bleacher Company for the design of the bleachers for this project. The Southern Bleacher Company has prepared a complete set of fabrication and installation plans for the metal bleachers, ramps, stairs, and press box. Those plans have been submitted to the D.S.A for approval for this project. If the contractor would like to propose an equivalent substitution, the contractor must submit a complete set of fabrication and installation plans to the engineer 5 days prior to bid open for review and approval.

If the substitution is approved, it is the contractor's responsibility to prepare and pay for new construction documents, engineering calculations, and specifications. In addition, the contractor is also responsible for submitting and obtaining of approval from the D.S.A(including payment of the D.S.A plan check fee) prior to the fabrication and installation. All work must be completed within 90 calendar days.
