AGREEMENT

THIS AGREEMENT becomes binding between the Contractor and the Madera Unified School District, hereinafter called the District, upon: Issuance of a Purchase Order and signature of acceptance on the Bid Form by the Director of Purchasing.

WITNESSETH: That the Contractor and the District for the bid and consideration hereinafter names agree as follows:

ARTICLE 1. THE WORK. The Contractor agrees to furnish all labor and materials, including tools, implements and appliances required and to perform all the work in good and workmanlike manner, free from any and all liens and claims of mechanics, material men, sub-contractors, artisans, machinists, teamsters, drayman and laborers as may be required for services performed under this agreement.

ARTICLE 2. THE CONTRACT. The Contractor and the District agree that changes in this Agreement or in the work to be done under this Agreement shall become effective only when written in the form of a Supplemental Agreement or Change Order and approved and signed by the District and Contractor. It is specifically agreed that the District shall have the right to request any alterations, deviations, reductions or additions to the Contract or Purchase Order or the Plans or Specifications or any of them and the amount of the cost thereof shall be added to or deducted from the amount of the Contract or Purchase Order Price aforesaid by fair and reasonable valuations thereof. And this Contract of Purchase Order shall be held to the completed when the work is finished in accordance with the Original Plans and Specifications as amended by such changes.

ARTICLE 3. DISPUTES. In the event of a dispute between the District and the Contractor as to an interpretation of any of the Specifications or as to the quality or sufficiency of materials or workmanship, the decision of the District shall for the time being prevail and the Contractor, without delaying the job, shall proceed as directed by the District without prejudice to a final determination by negotiation, arbitration by mutual consent or litigation and should the Contractor be finally determined to be either wholly or partially corrected, the District shall reimburse him for any added costs he may have incurred by reason of work done or material supplied beyond the terms of the Contract or Purchase Order as a result of complying with the District's directions as aforesaid. In the event the Contractor shall neglect to prosecute the work properly or fail to perform any provisions of this Contract or Purchase Order, the District, after three days written notice to the Contractor, may, without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereunder due to the Contractor, subject to final settlement between the parties as in this paragraph herein above provided.

ARTICLE 4. CONTRACTOR INSOLVENCY. If the Contractor should be adjudged bankrupt, or if he should make a general assignment for the benefit of his creditors, or if a receiver should be appointed on account of his insolvency, or if he or any of his Sub-contractors should persistently violate any of the provisions of the Contract, Purchase Order or Agreement, or if he should persistently or repeatedly refuse or fail, except in cases for which extension of time is provided, to supply enough properly skilled workmen or proper materials, or if he should fail to make prompt payment to Sub-contractors or for materials or labor, or persistently disregard laws, ordinances or the instructions of the District, then the District may serve written notice upon the Contractors of its intention to terminate the Contract or Purchase Order, such notice to contain the reasons for such intention to terminate the Contract or Purchase Order, and unless within five (5) days after the serving of such notice, such violations shall cease and satisfactory arrangements for correction thereof be made, the Contract or Purchase Order shall, upon the expiration of said five (5) days, cease and terminate. In the event of any such termination, the District shall immediately serve written notice thereof upon the Contractor, and the District shall have the right to take over and perform the Contract. The District may take over the work and prosecute the same to completion by Contract or by any other method it may deem advisable, for the

account and at the expense of the Contractor, and the Contractor shall be liable to the District for any excess cost occasioned the District thereby, and in such event the District may without liability for so doing, take possession of and utilize in completing the work, such materials, appliances, plant and other property belonging to the Contractor as may be on the site of the work necessary therefore. In such case the Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the Contract price shall exceed the expense of finishing the work, including compensation for additional managerial and administrative services, such excess shall be paid to the Contractor. If such expense shall exceed such unpaid balance, the Contractor shall pay the difference to the District.

ARTICLE 5. LIQUIDATED DAMAGES. The Contractor agrees that the work under this Contract shall be substantially completed as stated in the bid. Time of performance shall be deemed as of the essence hereof and it is agreed that actual damages from any delay in completion beyond the date provided for herein are extremely difficult or impossible of determination, accordingly, the Contractor and Surety shall be liable for and shall pay to the District the sum of Five Hundred (\$500.00) per calendar day as fixed, agreed or liquidated damages for delay in completing the work from and after the date of completion as provided for herein or any extension thereof until the work is completed or accepted; provided, however, the District may conditionally accept the work and occupy and use the same if there has been such a degree of completion as shall in its opinion render the same safe, fit, and convenient for the use of which it is intended and in such cases the Contractor and Surety shall not be charged for liquidated damages for any period subsequent to such conditional acceptance and occupation by the District but District may assess actual damages caused by failure of total completion during such period. The time during which the Contractor is delayed in said work by the acts or neglects of the District or its employees, or those under it by contract or otherwise, or by the acts of God which the Contractor could not have reasonably foreseen and provided for, or by stormy and inclement weather which delays the work, or by any strikes, boycotts, or like obstructive action by employees or labor organizations, or by any general lockouts or other defensive action by employees or labor organizations, or by any general lockouts or other defensive action by employers, whether general, or by organizations of employers, shall be added to the time for completion as aforesaid.

(Labor Code sections, 1773.3, 1777.5 and 1777.6 and 3077 et. seq.) These sections require that contractors and subcontractors employ apprentices in a ratio of not less than one (1) apprentice for each five (5) journeyman, unless an exemption is granted, and that Contractors and subcontractors shall not discriminate among otherwise qualified employees as indentured apprentices on any public works solely on the grounds of race, religious creed, color, national origin, ancestry, sex, or age. Only apprentices who are in training under written apprenticeship agreements will be employed on public works in apprenticeable occupations. The responsibility for compliance with these provisions for all apprenticeable occupations rests with the Contractor.

ARTICLE 7. PREVAILING WAGE RATE. In accordance with the provisions of Section 1700, et. seq. of the Labor Code, the Director of the Department of Industrial Relations of the State of California has determined the general prevailing rates or wages and employer payments for health and welfare, pension, vacation, travel time and subsistence pay as provided for in section 1773.8. It shall be mandatory upon the Contractor herein and upon any Sub-contractor to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract. The Contractor shall comply with Labor Code Section 1775. In accordance with Section 1775, the Contractor shall forfeit as a penalty to the District \$200.00 for each calendar day or portion thereof for each workman paid less than the stipulated prevailing rates for such work or craft in which such workman is employed for any work done under the contract by him or by any sub-contractor under him in violation of the provisions of the Labor Code and in particular, Labor Code Sections 1770 to 1780, inclusive. In addition to said penalty and pursuant to said Section 1775, the difference between such stipulated prevailing wage rates and the amount paid to each workman for each calendar day or portion thereof for which each workman was paid less than the stipulated prevailing wage rate shall be paid to each workman by the Contractor.

The Contractor and each Sub-contractor shall keep or cause to be kept an accurate record showing the names and occupations of all laborers, workmen and mechanics employed by him in connection with the execution of this Contract or any sub-contractor thereunder, and showing also the actual per diem wage paid to each of such workers, which records shall be open at all reasonable hours to inspection by the District, its officers and agents and to the representatives of the Division of Labor Law Enforcement of the State Department of Industrial Relations. The Contractor and each Sub-contractor shall also keep an accurate record showing the names and actual hours worked of all workers employed by him in connection with the work contemplated by this Agreement, which record shall be open at all reasonable hours to the inspection of the District, or its officers or agents and to the Chief of the Division of Labor Statistics and Law Enforcement of the Department of Industrial Relations, his deputies or agents; and it is hereby further agreed that Contractor shall forfeit as a penalty to District the sum of One-hundred dollars (\$100.00) per day for each laborer, workman or mechanic who is required or permitted to labor more than eight (8) hours a day or forty (40) hours a week in violation of this stipulation in accordance to Labor Code Section 1776. LEAD-PRODUCT(S) CERTIFICATION
TO BE EXECUTED AND SUBMITTED WITH BID

California Occupational Safety and Health Administration (CalOSHA), Environmental Protection Agency (EPA), California Department of Health Services (DHS), California Department of Education (CDE), and the Consumer Product Safety Commission (CPSC) regulate lead-containing paint and lead products.

Because the Contractor and its employees will be providing services for the District, and because the Contractor's work may disturb lead-containing building materials, **CONTRACTOR IS HEREBY NOTIFIED** of the potential presence of lead-containing materials located within certain buildings utilized by the District. All school buildings built prior to 1993 are presumed to contain some lead-based paint until sampling proves otherwise.

The CDE mandates that school districts utilize DHS lead-certified personnel when a lead-based hazard is identified. Examples of lead-certified personnel include: project designers, inspectors, and abatement workers. Furthermore, since it is assumed by the district that all painted surfaces (interior as well as exterior) within the District contain some level of lead, it is imperative that the Contractor, its workers and subcontractors fully and adequately comply with all applicable laws, rules and regulations governing lead-based materials (**Including Title 8, California Code of Regulations, Section 1532.1**). Any and all Work which may result in the disturbance of lead-containing building materials must be coordinated through the District.

The California Education Code also prohibits the use or import of lead-containing paint, lead plumbing and solders, or other potential sources of lead contamination in the construction of any new school facility or in the modernization or renovation of any existing school facility. The Contractor shall provide the District with any sample results prior to beginning Work, during the Work, and after the completion of the Work. The District may request to examine, prior to the commencement of the Work, the lead training records of each employee of the Contractor.

If failure to comply with these laws, rules, and regulations results in a site or worker contamination, the Contractor will be held solely responsible for all costs involved in any required corrective actions, and shall defend, indemnify and hold harmless the District, pursuant to the indemnification provisions of the Contract, for all damages and other claims arising therefrom. If lead disturbance is anticipated in the Work, only persons with appropriate accreditation, registrations, licenses and training shall conduct this Work.

It shall be the responsibility of the Contractor to properly dispose of any and all waste products, including but not limited to, paint chips, any collected residue, or any other visual material that may occur from the prepping of any painted surface. It will be the responsibility of the Contractor to provide the proper disposal of any hazardous waste by a certified hazardous waste hauler. This company shall be registered with the Department of Transportation (DOT) and shall be able to issue a current manifest number upon transporting any hazardous material from any school site within the District.

THE UNDERSIGNED HEREBY ACKNOWLEDGES, UNDER PENALTY OF PERJURY, THAT HE OR SHE HAS RECEIVED NOTIFICATION OF POTENTIAL LEAD-BASED MATERIALS ON THE OWNER'S PROPERTY, AS WELL AS THE EXISTENCE OF APPLICABLE LAWS, RULES AND REGULATIONS GOVERNING WORK WITH, AND DISPOSAL OF, SUCH MATERIALS WITH WHICH IT MUST COMPLY. THE UNDERSIGNED ALSO WARRANTS THAT HE OR SHE HAS THE AUTHORITY TO SIGN ON BEHALF OF AND BIND THE CONTRACTOR.
