DESIGN COMPLIANCE

ORGANIZATION

The organization of these drawings is not intended to control the division of work among subcontractors. It shall be the general contractor's responsibility to divide the work.

Copies of these drawings are supplied to the owner, and the contractor for use in the construction of this project only. The drawings are not to be reproduced, changed, or copied in any form or manner nor are they to be assigned to a third party without first obtaining the written permission of Robert Boro, Landscape Architect. All design and construction shall remain the property of Robert Boro, Landscape Architect.

It is the intention of the plans and specifications to cover all things required to install and maintain irrigation systems. Contractor is to furnish all labor, materials, transportation, equipment, miscellaneous services, etc. required to accomplish this result. Anything which may reasonably be construed as a necessary part of the installation is to be included whether specifically shown or mentioned. The architect will give any interpretations necessary for the completion of the work.
