Thinking Maps Participants MUST be able to attend all 8 workshops to register.

This workshop takes place every Thursday for 8 weeks. This is an introduction course to each map (1 map a week) Participants will learn the map, its thinking process, see samples, practice the map, and brainstorm how to use it in the classroom. It is expected that participants implement the map of the week after each session. Participants will then bring a sample to share with the group each session, beginning on week 2.

Dates: (THURSDAYS) 8/17, 8/24, 8/31, 9/7, 9/14, 9/21, 9/28, 10/5

Date Workshop

9/5/23	<u>Kagan 101</u> Learn the first 3 Kagan Structures (<i>Think-Pair-Share, Stand Up-Hand Up-Pair Up, and Quiz-Quiz-Trade</i>) that will promote cooperation and communication in the classroom, boost students' confidence, and retain their interest in classroom interaction. (Workshop will also be given on 2/1/24)
9/19/23	<u>NWEA- Fall</u> This workshop will be presented by MUSD's Assessment & Data Support Specialist- Patrick Swisher. The workshop will be centered around analyzing the results from our latest round of NWEA testing, with the goal of identifying students who are most in need of extra support and intervention. You will become aware of the various tools available to differentiate for your student's needs. <u>Bring your computer!</u>
9/26/23	<u>DLI Kagan 101-</u> *This workshop will be presented in Spanish. Learn the first 3 Kagan Structures (<i>Pair-Share, Stand Up Hand Up-Pair Up, and Quiz-Quiz-Trade</i>) that will promote cooperation and communication in the classroom, boost students' confidence, and retain their interest in classroom interaction. <u>This workshop is for DLI teachers.</u>
10/12/23	<u>Oral Language 101</u> Participants will learn how a student's comprehension of spoken language is a defining factor for their reading comprehension — the ultimate purpose of reading — as well as for their writing ability. Participants will be introduced to several oral language activities that promote communication, expression, and thinking abilities. These activities can lead to better academic outcomes for all students. (Workshop will also be given on 3/12/24)

10/23/23	<p><u>5-Day Read Aloud</u> Learn how you can bring your students ELA skills to a higher level using 5-Day Read Aloud lessons. Participants will see it all in action through video clips of lessons with students and a room full of classroom samples. Participants will become familiar with the 5-Day Read Aloud process that helps foster a student's critical thinking and creativity, while building their vocabulary, as well as enhancing their writing skills. These lessons are built using the ELA and ELD standards. <i>(Workshop will also be given on 2/22/24)</i></p>
10/26/23	<p><u>DOK- Depth of Knowledge</u> Participants will learn the 4 levels of DOK and the complexity of thinking required in each one. Through the workshop, participants will learn how to promote deeper student learning by focusing on the level of rigor required to complete a task. This student learning comes from engaging the students in more complex thinking. The participants will be exposed to information that exhibits how deeply students must know, understand, and be aware of what they are learning in order to attain and explain answers, outcomes, results, and solutions. <i>(Workshop will also be given on 3/7/24)</i></p>
11/2/23	<p><u>DLI DOK- Depth of Knowledge</u> *This workshop will be presented in Spanish. Participants will learn the 4 levels of DOK and the complexity of thinking required in each one. Through the workshop, participants will learn how to promote deeper student learning by focusing on the level of rigor required to complete a task. This student learning comes from engaging the students in more complex thinking. The participants will be exposed to information that exhibits how deeply students must know, understand, and be aware of what they are learning in order to attain and explain answers, outcomes, results, and solutions. This workshop is for DLI teachers.</p>
11/7/23	<p>Kagan 301- INVITE ONLY a link will be provided by your TSM This workshop is for those who have attended <u>Kagan 101 and Kagan 201</u>. This workshop is exclusively for <u>3rd-6th</u> grade teachers. Participants will learn additional Kagan Structures that promote critical thinking, communication, and collaboration. These structures can aid in maintaining a positive classroom climate and increasing student achievement. <i>(Workshop will also be given on 2/8/24)</i> ***You will receive an invite from Anna, Heather, Lora, or Katy if you are invited.</p>
11/9/23	<p><u>Kagan 201</u> This workshop will cover 4 more Kagan Structures (<u>Rally Robin, Talking Chips, Pairs Pair, and Inside-Outside Circle</u>), for you to implement to enhance your classroom's collaborative conversations and student communication. <i>(Workshop will also be given on 2/8/24 and 4/16/24)</i></p>

11/14/23	<p><u>Write From The Beginning</u></p> <p>Teachers in <u>3rd-6th grade</u> will find this "Make and Take" Write From the Beginning Workshop resourceful! This workshop will provide participants with easy-to-use templates for each of the 5 main writing genres. TSMs will walk participants through "how" to use each template and provide ways to adapt the templates to meet grade-level expectations. There will be time at the end of the workshop to work with participants in the same grade level to begin planning your next writing lessons. <i>(Workshop will also be given on 1/30/24)</i></p>
12/4/23	<p><u>DLI Kagan 201</u> *This workshop will be presented in Spanish.</p> <p>This workshop will cover 4 more Kagan Structures (<u>Rally Robin, Talking Chips, Pair's Pair, and Inside outside Circle</u>) for you can implement to enhance your classroom's collaborative conversations and student communication</p> <p><u>This workshop is for DLI teachers.</u></p>
12/7/23	<p><u>Oral Language 201</u></p> <p>This workshop will expand the participants' learned knowledge from the ORAL LANGUAGE 101 Workshop. Participants will be introduced to additional activities that promote language and vocabulary development, collaboration, critical thinking, and comprehension of content.</p> <p><i>(Workshop will also be given on 3/14/24 and 4/18/24)</i></p>
1/18/24	<p><u>NWEA- Winter</u></p> <p>This workshop will be presented by MUSD's Assessment & Data Support Specialist- Patrick Swisher. He will not only explain what the data means, show you how to investigate a student's growth over time, but also give you guidance moving forward towards the Spring testing. You won't want to miss this! <u>Bring your computer!</u></p>
