9/29/2022 17:25:54	5	5	5	5	I found both parts very valuable. I love knowing how to set goals for my students and Kagan teaching strategies.	I think that there should be another session for even more Kagan strategies. A lot of things were assumed as prior knowledge. This is my first time hearing about Kagan strategies.	What resources can I use?	
9/29/2022 17:25:55	5	5	5	5	It was valuable being able to see how to engage students in their learning and having them talk to their peers.	It would be helpful to have more resources in Spanish.		
9/29/2022 17:26:06	5	5	5	5	The demonstration of the Kagan's strategies were the most valuable because it was great to see them demonstrated.	I think the session was especially with the handouts at the end.	I have no questions.	I am in great hands with my mentor Katy Britton and my PLC.
