2. Click the **Class Info** tab.
3. Select Class Students from the dropdown list
Add Students tab.
4. Click the Add Students tab.
5. Select Search by Teacher/Class and choose your name from the list.
6. From Class choose S/C (grade level)
7. From the list of students, click the student(s) to be added or (Select All)
8. Click to select classes to which the student(s) will be added or (Select All)
9. Click the **Add Students** button to save the information.

A screenshot of the 'Add Students' interface. At the top, there are tabs for 'Class Roster / Order', 'Add Students', 'Remove Students', and 'Show/Hide Students'. Below the tabs are search filters: 'Search:' with radio buttons for 'By Student' and 'By Teacher/Class' (selected), 'Teacher:' with a dropdown menu showing 'Davis, Autumn', and 'Class:' with a dropdown menu showing 'S/C 2nd Grade-79813'. A 'Search' button is located below the filters.

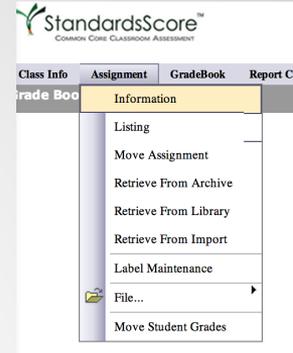

Below the search filters, there are two tables. The first table is titled 'Students' and has a 'Students' header. It contains a list of students with checkboxes next to their names and IDs. The second table is titled 'Classes' and has a 'Classes' header. It contains a list of classes with checkboxes next to their names and a 'Student Count' column.

4. Save after you have entered each assignment.

Click the folder icon and choose a comment from the defined comment list.

The **Excused** comment removes the assignment from the grade calculation.

The **Incomplete** comment is used in reporting, but does not affect the grade calculation.

The **Missing** comment changes the grade to 50% until the assignment is turned in.
