School Site Leaders Videos

A special video project is currently being produced that involves our district’s school site leaders. We are producing the introduction and welcoming videos that will be featured on each of the leader’s school websites so their school community gets to know them and also explain what our families can expect when school begins. The videos are set to be released soon, so keep an eye out for them on your school’s website.

New Revealing Video Released to MUSD Community

The district released a video titled "Re-Imagining Learning During a Pandemic" on August 18, 2020. - Please take a moment to watch the revealing video on Madera Unified’s 2020-21 school year featuring educators and the superintendent sharing how school will look and feel differently this year. It is also available in Spanish subtitles. Click here to see the video.
