Instructional supplies are also budgeted for under goal 1. In goal two, there is funding for our student advocate position along with extra time for the student advocate to help interpret, translate documents, help with parent meetings after hours, etc. In goal three, funding is allocated for certificated teacher extra time, print shop, and clerical extra time. 7. Announcements / *Anuncios*

- a. No school on Monday, 9/7
- b. Thank you to the parents that attended the back to school nights. If you were unable to attend you can see the slideshows in your child's Google Classroom or on Parent Square.
- c. Students are no longer required to be present to get meals on Wednesdays. Children provided meals if between the ages of 1-18 years old.
- d. Please update your phone number and email address with the office so we can have the most up to date information to get information out to you.
- e. We need parents' help to encourage your child to turn on their child's camera for the teachers. If cameras and microphones are turned off we are not able to know if you are present. It is hard to give students credit for attendance and grades if the cameras and microphones are off. They must unmute themselves and participate when called on by the teacher. We need to know they are present and learning during class time. It is the same thing as sitting in class. Parents will be notified by phone call if your child has their camera and microphone off because they will be marked as absent if they are not participating when called on.
- f. NWEA testing will begin 9/14.
- g. First ELAC meeting of the year will be Wednesday, 9/9, at 8:15AM.
- h. We will need three more parents and two more staff members to join our School Site Council this year at our next meeting.
