

Child Nutrition Update for Wellness Committee Meeting 5/19/21

Since the Pandemic began in March 2020:

- Requested data regarding:
 - Meals distributed – 5,328,413 meals (breakfast & lunch)
 - Processes implemented
 - We have had the same process since late March
 - Assembly line providing weekly meal boxes served one day per week
 - On April 12th when hybrid learning began
 - We had multiple serving models to provide meals for all the various programs
 - Very difficult to sustain, which resulted in our current process that began on Monday – 5/17/21
 - Shelf stable meal kits served at elementary sites
 - No weekend meal service because of product sourcing
