Colts "Little Stallions" 3 on 3 Basketball Developmental League will offer future Madera High South Basketball Players an opportunity to improve upon the basketball skills of shooting, ball handling, and footwork. In the setting of 3 on 3 play we hope to maximize focus on the offensive concepts of spacing, cutting, screening, ball movement, and opportunistic dribble penetration. Defensively we will address SHELL principles, including help side recovery, closeouts, proper defensive stance/ movement, baseline influence, helping the helper, and active hands. Above all else we hope to provide.....game play in an exciting, and fun environment that fosters a love for the game of basketball!
