

Infant/Child/Adult First Aid/CPR Certificates

Below you will find a list of suggested agencies in the Fresno/Madera area that can provide first aid certificates; this is not meant to be an exhaustive list.

Please contact the agency(ies) directly to confirm their information (price, course/class schedule, etc.)

Be aware the agency may not provide the certificate immediately. The certificate may be sent to you a couple of weeks after you finish the course; so please plan accordingly. Ask for a receipt or temporary certificate of completion to meet the recruitment deadline. Online course certificates are **not** accepted.
